

Halifax Woman Suffered 12 Years

Mrs. Martha Farmer Restored to Health—Didn't Believe a Medicine Could Do What Tanlac Has Done For Her.

"I actually didn't believe there was a medicine made that would do for me what Tanlac has done," said Mrs. Martha Farmer, of 2 Endicott street, Halifax, N. S., a Halifax representative, recently. Mrs. Farmer is well known in Halifax, having lived in the city for the past twenty-five years.

"I had been suffering with a bad case of stomach trouble for about twelve years," continued Mrs. Farmer, "and I was also bothered a good deal with my liver and kidneys. My appetite was poor and what little I did eat didn't seem to agree with me, but would give me indigestion and I would bloat up with gas and suffer with awful pains in the pit of my stomach. I felt off in weight and some days I felt so weak and listless I could hardly lift my hand to my head, and for days at a time I was in such pain I could scarcely turn my head to do a thing. My kidneys gave me a lot of trouble, too, and I used to have such awful pains right across the small of my back that I would suffer agony and for weeks at a time if I so much as tried to stoop over the pain in my back would be so terrible I could barely stand it, and sometimes my back would pain me so at night I could hardly turn over and wouldn't be able to sleep a wink. I was in such misery from this pain in my back at times that I couldn't do a particle of work and my liver was sluggish and I was badly constipated and shrank looking and suffered a lot with awful headaches.

"A friend of mine who had been taking Tanlac, told me it had done her so much good that I ought to try it, so I went down to Kitchin's on Saturday night and bought some, and before I had finished that first bottle I could notice some improvement in my condition. My back was feeling better and I didn't feel so tired, so I kept on taking it and now that pain in the small of my back is gone completely. My appetite is fine now and I am never troubled with my stomach any more. In fact, I am now in good health and I can bend and stoop over all day long, and my back doesn't bother me a bit. I just can't tell you how thankful I feel for the way Tanlac has helped me, and it is a pleasure for me to recommend it to anyone."

Tanlac is sold by St. John by Ross Drug Co., and F. W. Munro, who is the personal direction of a special Tanlac representative.—Advt.

Equalled Record In Open Golf Championship

James Barnes Took Western Open Golf Championship for the Third Time—Leading Golfers Were His Opponents.

Cleveland, O., July 25.—Equalled the world's record of 283 strokes for an open golf championship, James Barnes, of Sunset Hill Club, St. Louis, today won the Western open golf championship from 130 leading golfers of America over the 6,280 yard links of the Mayfield Country Club, leading Leo Dugas, of Detroit, by three strokes and Jack Hatchison, of Chicago, by four.

Barnes also earned the distinction of being the only one to win the title three times. He won in 1917 at Interlachen Club, Minneapolis, and in 1917 at Westmoreland Club, Chicago, where he set the lowest score recorded for 72 holes medal play. He held the title of 1918 on account of the war.

Britton-Lewis Next Big Bout

Old Rivals Will Battle in Jersey City on Monday—Their Records.

New York, July 25.—Following in the wake of the Toledo combat have come a series of important matches like that of White and Moore.

The next bout to attract general attention will be between Jack Britton, welterweight champion of the world, and Kid Lewis, former holder of the title. It was Lewis by the way, who brought the world's title to America. Lewis won the American title from Britton in a twenty round bout at Dayton, Ohio, June 28, 1917, the victory getting the decision on points. Lewis then on Aug. 31 of the same year knocked out Albert Blaudin in this city in one round. Blaudin was the welterweight champion of Europe, having won the French title in a series of contests, and then winning the European title by stopping Johnny Bushman, English welter champion, in three rounds.

Britton regained his American title and also the world's championship by stopping Lewis in nine rounds at Canton, Ohio, last spring.

The next battle between this pair, which will mark their twentieth meeting, will take place at the Armory A. A. in Jersey City on the night of July 28, and the title is at stake. Lewis claims he was out of condition when defeated by Britton, but declares he will be in the best fix of his career when he faces the title holder in the Jersey ring. Lewis has youth, speed and hitting in his favor, while Britton has all around ringcraft of the highest order.

To Muzzle Every Dog In England

Kennel Club Urges Such Action on Government—Other Restrictions to be Removed.

London, Eng., July 25.—At a recent meeting arranged by the Kennel Club, resolutions were passed urging upon the government:

(1) The immediate introduction of a general Muzzling Order for dogs, as the only effectual means of stamping out rabies.

(2) That the restrictions on the movement of dogs now imposed under the partial Order, be removed when universal muzzling is introduced.

Dr. J. Sidney Turner, who presided, said that restrictions were agreed that a universal Muzzling Order was the only way to stamp out hydrophobia, and he advocated that the means of dealing with the disease should be dealt with by the Ministry of Health. The second resolution was moved by the Duke of Newcastle, who claimed that restrictions on field trial and dog shows should be removed when they were held in conditions consistent with public safety.

TWINS CELEBRATE BIRTHDAY.

Penobscot, July 24.—On Wednesday, Mrs. Elannah Hall, of Penobscot, celebrated her sixty-eighth birthday. A unique feature of the celebration was the presence of her twin sister, Mrs. Thomas Taylor, of Salisbury. It is seldom that twins of their age both live to hold their sixtieth birthday anniversary under the same roof-tree.

Among those present, besides the immediate members of the family, were her brother, William Chittick, Anagnance; Mr. and Mrs. Thomas Taylor, Salisbury; her other sisters, Mrs. Sarah Smith, Anagnance; Mrs. Emma Manning, Lowell, Mass.; and Mrs. Margaret Chittick, Penobscot; also Mr. and Mrs. A. E. Pearson and Miss Currie, all of Penobscot, and Mr. and Mrs. Herbert Hall, Lonsdale.

An unusual fact was that it was also the birthday anniversary of the third member of the immediate family, her daughter-in-law, Mrs. Byron Hall. The birthday cake was set in a wreath of sixty-eight roses and was jointly cut by the twin sisters. Their many friends wish them many happy returns of the anniversary.

WHITE TRUCKS

300,000 Miles and More

THE ultimate mileage of White Trucks is still unmeasured. Some have rounded out 300,000 miles. Many have run 200,000 miles. Hundreds, probably thousands, have passed the 100,000 mark—a very common White performance. They run up mileage years after the best ordinary truck is worn out.

In the long run, White Trucks involve less investment. Fewer units are required to do the work. They put off the day when new trucks replace them. Operating and maintenance costs are also lowered by the steady volume of performance which makes possible these high mileage records.

Write for booklet "100,000 Miles and More," giving owners' records of 100,000, 200,000, 300,000 miles made by White Trucks
