the cough correspondingly severe, every coughing spell strains the whole system. We feel sure that if we could only stop coughing for a day or so we could get over the cold, but we try everything we know of or can hear of in the shape of medicine. We take big doses of quinine until the head buzzes and roars; we try to sweat it out; we take big draughts of whiskey, but the thing that has its grip on the chest hangs on, and won't be shaken loose.

If the irritation that makes us cough of unit be stopped, we would get better promptly, and it is because Adamson's Botanic Couph Balsam is so soothing and healing to the intiamed throat that it is so efficient a remedy for coughs and colds. This really great medicine is a very simple preparation, made of extracts of barks and gume of trees, and it never deceives. It heals the throat and the desire to cough is gone. When the cough goes the work of cure is almost complete. Ail druggists sell Adamson's Balsam, 25 cents. Try this famous Balsam for your sore chest and you will find prompt relief.

### CONFIDENCE EXPRESSED IN BRITISH WAR POLICY.

Big Meeting in London Hoots Boer Sympathizers and Backs Up the Government

London, July 10.—There was a meeting held in the Guildhall this afternoon in support of the government war policy. It was a great success from the "jingo" point of view. The idea originated on the stock exchange and was intended as an offset to the recent pro-Boer gathering at Queen's Hall. The Lord Mayor, Frank Green, and other city magnates, did their utmost to assure its success, and the result was the great hall of the Guildhall, having a capacity of 4,000 persons, did not suffice to contain the crowd, which necessitated an overflowing meeting outside, where the of even more pronounced caracter than that of the stock brokers within. Patriotic songs broke out at intervals, both within and without the building.

At the home of Mrs. Wm. Snodgrass Titusville, Kings county, on Wednesday, June 26, at 4 o'clock p. m., her daughter, June 26, at 4 o'clock p. m., her daughter, Laura M. E., was united in marriage to Albert E. Black, of Fairview, St. John county, by Rev. W. W. Rainnie, of St. John, in the presence of about 40 relatives of the contracting parties. The bride was dressed in a seal brown tailor suit trimmed with cream taffeta silk and carried a bouquet of pink and white roses and forget me-nots. The bride and groom were unattended. After the ceremony the guests were served with a bountiful supper. The bride received many costly gifts and the sincere wishes of their many friends go with Mr. and Mrs. Black to their future home.

What Can be Done to Benefit the Laboring Man in St. John? was the theme at the monthly meeting last night of the Fabian League. The largest gathering since the organization was effected assembled. The subject was introduced by Rabbi Rabinowitz and thoughtfully dealt with in a lengthy and admirable paper. Organization of the laboring classes and municipal ownership of public utilities were the principal remedies suggested by the rabbi to improve the conditions. Before the subject was taken up a report was received from the executive committee recommending that the following be accepted as the platform of the league:

1. The municipal ownership and management of gas and electric lighting, short distance telephones, street railways and water supply.

2. Government ownership and management of the promise for the future was an increase of 50 cents a week each year. When a limit of \$4 or \$5 a week was reached the hope-from the working man. This, he said, could be achieved by municipal ownership of the public utilities and exploiting them for the benefit of citizens. He mentioned the fact that in some places where municipal ownership existed, street electric lights cost \$25 a year each, while they cost \$t. John \$85 a year. He spoke of the benefits and advantages of the government ownership of the postal system and asked if the and advantages of the government owner-ship of the postal system and asked if the water supply.

2. Government ownership and management of telegraph lines, railroads and long-distance telephones and of all natural products, which from their nature can easily duots, which from their nature can easily conclusion, the rabbi made a plea that become monopolies.

3. Old age pensions similar to the system lately introduced into New Zealand.
