PREFERS THE EAST FOR IMMIGRANTS

E. D. Scammel, London Emigration and Shipping Agent, Makes Quick Trip Through Canada--Likes New Bruns-

That this will be a record breaking sea son for immigration is the opinion of E. D. Scammel, a prominent emigration and shipping agent of London (Eng.), who has been in this country during the last few weeks looking over conditions. The en-Melanson, Andrews, Gallant, Murray, couraging part of it, however, is the fact Miss Wier, Kinney, Miss Jackson, Gunter. that he feels certain that the number of Class II .- Melrose, Loggie, McLeod, Miss those to take up homes in New Brunswick reenlaw, Flett.
Class III.— Duffy, Dougherty, Asker, Having made a survey of the west, he forrison, Bowes, Laughlin, Jewett.
says he is at a loss to know why the English immigrants go to that country in preference to the east. Here the climate conditions are the same as in the old coun try and from an agricultural standpoint the possibilities seem just as good here as in the west. He considers that a great boom for the eastern provinces in the way of immigration would be to have at least one passenger steamer running between St John and the old country all the year round. On returning home he expects to use his influence to have more immigrants

Mr. Scammel, who will return by the Tunisian today, has had what may be called a record-breaking trip. On Dec. 1 he sailed from Liverpool. Since that time, besides his trip across the ocean, he has traveled through eastern and western Can ada. He has spent several days in Hali fax, Montreal, Toronto and Winnipeg. Yesterday he called upon A. B. Wilmot, provincial immigration agent, and secured some Brunswick as a suitable place for settlers.

FISHERMEN NOT

Grand Manan Man Brings Cheering Report -- High Prices Now--A Complaint.

Notwithstanding the fact that the fishing season has been rather poor this year, the fishermen of Grand Manan have fared fairly well. At least this is the opinion of Scott Guptill, who arrived from that place yesterday and registered at the Victoria. Discussing the situation, he gave three reasons that have tended to bring put some money into what looked like first place the few that have made a fair ring whereas but \$2 to \$3 prevails ordinar dam Roads; Edington, Road Construc-tion with the aid of a binding material; Martin, The Country Roads of our Prov-ince; Jennings, Green River Crossing, N.
