JAMES DUNLOP. When purchasing Plate Powder, be sure to ask for W. H. ATKINSON'S Champion Plate Polish

WHICH will save considerable time and trouble, and will be found invaluable, as it will clear the article from dirt or grease, as well as produce a most brilliant polish.

The Proprietor can, with the greatest confidence, recommend his "Champion Plate Polish" as an article superior to anything of the kind ever offered to the public. One trial of it will ensure constant use; and as it saves so much time and labour, besides producing a very lasting polish, Housekeepers will find it worth their while to use "Atkinson's Champion Plate Polish," for cleaning and polishing all kinds of silver and plated goods.

This article is done up in fancy boxes, of different colcurs, at seventeen cents each.

GOLD 7-30 LOAN. A profitable and secure Investment.

THE Northern Pacific Railroad Companyoffer to the public an investment security which combines the ready negotiability, the conveni-ence, and the high credit of a first-class Railroad Bond, with the solidity and safety of a Real Estate Mortgage on Land worth at least

twice the amount loaned.

Traffic. As officially reported, the gross earnings of the present Pacific Railroad (Union and Central) for 1871, the second year of through business, (December earnings estimated) reach Seventeen Millions and a Quarter. Of this, 65 per cent. is from Local business, and, it is stated, fully 55 per cent., or nearly Nine and a Half Millions, are net over operating expenses.

An equal traffic on the Northern Pacific Road will pay a dividend of more than 9½ per cent. on its total cost. With its great and unquestioned advantages in distance, grades, climate and trioutary fertile country, the Northern Pacific is assured of a vast and profitable business fro the outset, with a large increase for the future.

The Value of Land Grants. The average price at which the twenty-six leading Land-grant Railroads have thus far sold their lands, is \$7.04

per acre—the highest average of any grant being \$18 98, and the lowest \$3.07. With few excep tions, the average selling price has steadily increased from year to year. The lands of the Northern Pacific Road are admitted, by all who Northern Pacific Road are admitted, by all who have seen them, to be better and more salable than those of most other grants, but, sold at the general average of \$7.04 per acre, they will yield more than \$161,000 per mile of road—more than three times the possible cost of construction and equipment; or, at the lowest average of any grant (\$3.07), they will produce more than \$70,000 per mile. These facts regarding Pacific Railroad earninge, and the market value of Railroad Lands, as shown by actual sales to settlers, show the three-fold security of North-

settlers, show the three-fold security of North-ern Pacific Railroad Bonds. Construction. The road is now completed across Minnesots, (255 miles); work is progres-Art Union of London. sing westward through Dakota, and 65 miles are under construction on the Pacific coast. In-cluding purchased lines, the Northern Pacific Company now has under its management 575 EVERY subscriber of ONE GUINEA will receive, besides the chance of a prize at the annual distribution in April, a set of impressions of COMPACT of the first mortgage.
