WANLOCK, Sec'y.

SUNDAY SCHOOL REPORTS.

SUPERINTENDENT'S REPORT.

A year has passed by since I, with much hesitation, undertook the duties of Superintendent of your School, and it now becomes my duty to report to you on behalf of its teachers and officers. In doing so it is pleasing to be able to testify to the loyal, earnest, generous, Christian support they have so freely given me at all times.

The results of our year's work are manifested not only by the members who have been led to give their hearts to Christ and connect themselves with the Church, but by the deep interest that is being taken in Scripture study by both teachers and scholars. We may mention, too, in this connection, that we have had gratifying financial prosperity. You have been accustomed, from year to year, to hear of the increasing needs of the School and of the great necessity which has existed for more and better accommodation. Being strongly impressed with the view that funds must be raised before the better accommodation could be realized, the officers of the School have been diligent in their efforts to increase the Sabbath School Extension Fund. Not only has the School met all its own expenses but it has contributed \$50 to Missions, and we have now in this Fund nearly \$1100. Encouraged by our success we are led to hope for a large addition to this Fund during the year upon which we now enter, and we earnestly urge all friends of the School to contribute something to this Fund during the current year. Small contributions are better than none, and small or large all contributions will be thankfully received, whether given through the special monthly collections for the Fund or otherwise. All persons connected with the Congregation, whether as members or adherents, should assist in this work, and all are urged to prayerfully consider the great importance of an efficient Sabbath School to the children and to the future of our Church, and having done this we feel assured they will give all needful help. A small monthly contribution from each child and parent would very soon place the School in a position to do vastly better work in assisting in the upbuilding of the Kingdom of Christ.

Signed on behalf of the teachers and officers of the School.
H. SUTHERLAND, Superintendent.
