## ANY DYSPEPTIC CAN GET WELL

By Taking "Fruit-a-tives"  
Says Capt. Swan

Life is very miserable to those who  
suffer with Indigestion, Dyspepsia,  
Sour Stomach and Biliousness. This  
letter from Captain Swan (one of the  
best known skippers on the Great  
Lakes) tells how to get quick relief  
from Stomach Trouble.  
PORT BUCKWELL, ONT., May 8th, 1913.  
"A man has a poor chance of living  
and enjoying life when he cannot eat.  
That was what was wrong with me.  
Loss of appetite and indigestion was  
brought on by Constipation. I have  
had trouble with these diseases for  
years. I lost a great deal of flesh  
and suffered constantly. For the last  
couple of years, I have taken "Fruit-  
a-tives" and have been so pleased with  
the results that I have recommended  
them on many occasions to friends and  
acquaintances. I am sure that "Fruit-  
a-tives" have helped me greatly. By  
following the diet rules and taking  
"Fruit-a-tives" according to directions,  
any person with Dyspepsia will get  
benefit".

### Methodist Church.

REV. W. G. HOWSON, MINISTER  
Though next Sunday is Conference  
Sunday, the pastor expects to occupy  
his own pulpit. His subjects are as  
follows:—Morning, "That word 'there-  
fore' again"; evening, "A street por-  
tension a thousand years before the  
time of Christ." Good music. Bright  
services. All welcome.

"MAN IS FILLED WITH MISERY."  
This is not true of all men. The well,  
sound of lung, clear of eye, alert and  
buoyant with health, are not mis-  
erable, whatever may be their social  
condition. To be well is to be happy,  
and we can all be well by getting and  
keeping our bodies in a healthful state.  
Dr. Thomas' Electric Oil will help all  
to do this.

### District and General.

A. D. Brown has purchased the  
Robert Thompson property at Mel-  
bourne.

"You a Canadian!" is now applied  
at the front to those who have shown  
unusual gallantry.

A ben got into the First Baptist  
church at Fremont, Neb., and laid an  
egg on the collection plate.

Miss Christina McKay, one of the  
early settlers of Dunwich, died at Dun-  
ton on Monday, aged 82 years.

A number of farmers near Blenheim  
are culling the roads in front of their  
homes to overcome the dust nuisance.

Wardsville council have granted \$40  
towards the fund being raised for the  
purchase of suits for the band in that  
village.

A hobo told Chicago judges that the  
city could not be prosperous, as cigar  
ends now thrown away are shorter than  
usual.

Even if the Billy Sunday campaign  
cost Philadelphia \$150,000, it added  
50,000 persons to the membership of  
the churches.

Robert Kerr, of Kincaidine, was  
yesterday fined \$50 at Walkerton for  
running an auto while under the in-  
fluence of liquor.

In North Middlesex many fruit trees  
are badly affected with caterpillars,  
and the wire worm has also been at  
work in the grain crops.

Postman Turner, of Chatham, tells  
of ten chickens being hatched from  
thirteen eggs that had been stored  
away last fall in salt water.

Eating 16 pills given to him by his  
sister, who thought they were candy,  
Joseph Porto, not 2 years old, of To-  
ronto, died in terrible agony.

W. Young Enterprise:—The sum of  
\$54 has been subscribed by our local  
merchants towards defraying the ex-  
pense of oiling Broadway as against  
\$42 subscribed last year.

John Grigg, for many years a resi-  
dent of Mount Brydges, died at the  
home of his daughter in Hallock,  
Minn., on May 13th, after a prolonged  
illness, at the age of 83 years.

There is a division of opinion in  
Kingsville as to the value of a sum-  
mer half holiday, some of the mer-  
chants believing that it injures trade,  
and as a result the early closing move-  
ment has been discarded entirely.

Fred Billings, the Strathroy youth  
arrested at Houston, Texas, and  
brought back on the charge of stealing  
\$1,100 from his employers, Howland  
& Co., private bankers, was before  
the police court Wednesday and re-  
manded for a week.

Some Kent county farmers have  
sent a large supply of potatoes on  
hand that they are cooking what they  
do not need and feeding them to the  
hogs. The farmers find it impossible  
to market them, although they are of  
a superior quality, being free from  
rot or scab.

Alexander Kerr, reeve of Dunwich  
township, died suddenly from apoplexy  
on Thursday morning at his  
home near Iona Station. Mr. Kerr  
was in his customary good health  
when he went to the field as usual  
with his team, where he was found  
shortly afterwards by his wife.

The barns and outbuildings of the  
Munsey Institute were destroyed by  
fire on Sunday afternoon, supposedly  
caused by one of the boy inmates.  
All the live stock was saved excepting  
a registered stallion. The institute is  
a school and farm for Indian boys and  
has at present about 125 students.

The Moss Branch of the Red Cross  
Society are asking for donations of the  
following Hospital Supplies for the  
front:—Pillow slips, 18" 30" sheets,  
60" 90"; and towels, huckaback or  
Turkish, and ready laundered. All  
donations to be sent in before June 10  
to any member of the committee,  
Mary E. Campbell, secretary.

A heavy frost on Wednesday night  
of last week did considerable damage  
to early vegetable and flower gardens  
and tender foliage generally was  
blighted. Farmers report much dam-  
age to early fruit, particularly straw-  
berries which gave promise of a heavy  
yield. Field crops did not suffer to  
any extent and the prospects are still  
good for an abundant harvest.

The war is costing Canada \$200,000 a  
day and in a short time the total will  
be a quarter of a million daily. The  
\$50,000,000 originally voted has been  
spent and the second appropriation of  
\$100,000,000 is now being used. The  
expenditures, figuring in the above,  
are for the maintenance of troops at  
home and abroad, the purchase of arms  
and equipment and the cost of trans-  
port.

Additions to the Canadian casualty  
list bring the total number of wounded  
and missing up to 5,847. The Cana-  
dian division is still in the fighting in  
the vicinity of Ypres. Of the total,  
988 have been killed, 3,002 wounded,  
and still 1,217 are missing. The lists  
of casualties since the battle of Lange-  
mark include no fewer than 47 Cana-  
dian officers, 11 of whom are killed and  
36 wounded.

Eighteen people were injured, some  
quite seriously, when Grand Trunk  
passenger train No. 126, southbound,  
struck the tracks on the London,  
Huron and Bruce branch of the line  
near Ilderton, twelve miles from Lon-  
don at ten o'clock Monday morning.  
The accident is thought to have been  
due to a broken rail. The entire train  
left the rails, the smoking car and  
coach plunging down a twenty-foot  
embankment.

Th' auto may replace th' hoss, but  
it's a cinch it'll never develop anything  
as picturesque an' crooked as the aver-  
age hoss trader.

It's a long, long way to civilization.

### Semi-Jubilee Celebration.

Arrangements have been completed  
for the big Presbyterian semi-jubilee  
to be held June 13th to 20th. Services  
will be held both Sundays at 10:30 a.  
m., 2:30 p. m. and 7:30 p. m., at which  
former pastors and ministers brought  
up in the congregation will take part.

The afternoon meetings will be of  
special interest to all friends of the  
Sunday School and work among young  
people. A large number of invitations  
have been sent to former members  
and very large gatherings are ex-  
pected not only for the Sunday ser-  
vices but at the reunion picnic to be  
held in the Agricultural Park on Wed-  
nesday, June 10th. Among those who  
will be present and take part are Dr.  
Douglas Currie, Rev. James Wilson,  
Rev. A. A. Graham, principal of Boys'  
College, Moosejaw; Rev. Neil D.  
Keith, principal of Alberta Ladies'  
College; Rev. C. C. Strachan, of York-  
ton. A special committee have been  
placed in charge of the picnic and they  
assure us that it will be the event of  
the season. Among the attractions  
will be an excellent Highland Pipers'  
band; special music by Miss Finlay-  
son, of Toronto, assisted by local  
chorus; Peter McArthur, in a reminis-  
cent sketch; addresses by the visiting  
ministers; games and amusements,  
including a free auto ride for all child-  
ren. J. C. Elliott, M. P. P., will act as  
chairman. Dinner will be served on  
the grounds from twelve to half-past  
two.

An illustrated and attractive histor-  
ical sketch is being prepared to mark  
the occasion.

### Continuation of Ross Prize.

Ross Lethbridge, the winner of the  
prize in the Glencoe district for the  
year 1914, has received communication  
from Mr. D. C. Ross, M. P., stating  
that he purposed to continue the  
award as formerly given by his father  
and that the looks would be forth-  
coming. Ross was a pupil of S. S. No.  
8, Ekfrid, and is now attending Glen-  
coe High School.

### News From Home.

When the evening shade is fallin'  
at the close of the day,  
An' a feller rests from labor, smokin'  
at his pipe of clay:

There's nothing does a man so much  
good, he fortune up and down,  
As that little country paper from his  
Old Home Town.

It ain't a thing of beauty and its print  
is not always clean,  
But it straightens out his temper  
when a feller's feelin' mean:  
It takes the wrinkles off his face an'  
brushes off the frown.  
That little country paper from his  
Old Home Town.

It tells of all the parties and the balls  
of Pumpkin Row,  
'Bout who spent Sunday with who's  
girl, and how the crop'll grow.

An' how it keeps a fellow posted who's  
up and who is down,  
That little country paper from his  
Old Home Town.

Now I like to read the dailies and the  
story papers too,  
And at times the yellow novels and  
some other trash—don't you?  
But when I want some other readin'  
that'll brush away a frown,  
I want that little paper from my Old  
Home Town.

perienced, also boys who are willing  
to go out and learn to become farmers.

The stuffed representation of Napo-  
leon's famous charger, Vixier, having  
worn out its third tail since its mas-  
ter's death, has recently been supplied  
with a fourth flowing appendage for  
the benefit of visitors to Paris. Vixier,  
except for its tail, is the "authentic"  
war horse ridden by Napoleon. After  
the animal's death the skin was stuffed  
and placed among the Napoleonic col-  
lection in the Invalides museum, and  
it became one of the objects which at-  
tract most of the attention of visitors.  
Of the three tails that have already  
disappeared at the hands of sightseers,  
despite the vigilance of the guardians,  
it is believed that at least two are in  
America in small detachments.

From the ice-box to the coal bin  
Is but a nimble jump;  
But to keep them both a-go'in'  
Is what makes a feller hump.

### Masonic Service.

Lorne Lodge, A. F. & A. M., at-  
tended divine service at the Methodist  
church on Sunday evening, when an  
excellent discourse was delivered by  
the pastor, Rev. W. G. Howson, on  
"Freemasonry: its origin, history and  
interpretations." Several of the Maso-  
nic brethren from neighboring  
lodges were present and joined in the  
prayer, there being in all an attend-  
ance of about 75 of the fraternity.  
The church was filled to its capacity  
with an interested congregation.  
Splendid music was furnished by the  
choir of the church.

The speaker chose for his text the  
words "Let there be light, and there  
was light." In their first utterance  
these words no doubt had reference to  
the dispersion of physical darkness,  
but they have also been used in a  
much larger and symbolic sense. The  
question "What is Freemasonry?" was  
briefly answered, when the speaker  
referred to the long age of this order,  
and why it is called Ancient Free-  
masonry.

He showed what was no doubt a new  
fact to many of his hearers, that Free-  
masonry was in its beginnings relig-  
ious; that these religious assemblies  
were conducted in secret, the priests  
of those days believing that their  
religion could be kept pure by confining  
it to a system of secret knowledge,  
guarded by the most rigid and sacred  
rites. But in spite of their best en-  
deavor corruptions and superstitions  
crept in, and religion lapsed into idol-  
atry and paganism.

The history of Freemasonry was  
dwelt upon, and it was shown to be a  
valuable history indeed, running  
like a thread of gold through all the  
ories sacred and secular, and in all  
lands and times has found its place  
and power.

The speaker showed that the state-  
ment that Freemasonry is anti-christ-  
ian was as false as false could be.  
He would like to have spoken of the  
secret of this order, to have answered  
the question why ladies are not ad-  
mitted, and to have spoken of the age  
of the lambskin apron as a badge. The  
patriotism and loyalty of this order  
cannot be questioned, and its hatred  
of war is most emphatic and pro-  
nounced.

Freemasonry throws much light  
upon Bible passages, and several were  
mentioned as having reference to an-  
cient Masonry, but which have been  
lifted by the sacred writers out of their  
Masonic environment and used in the  
religious sense.

The close of the address contained a  
reference to the Eternal City, which is  
built according to Masonic principles  
in the form of a perfect cube, the  
length and the breadth and the height  
of it an equal.

The presentation of this subject was  
unique, and full of information to all.

### Receiving Worthy Support.

The Western University of London  
has another good piece of news to an-  
nounce in the increase of its grant by  
the City Council of London from \$10,  
000 to \$15,000 for the coming year. It  
is expected that this, along with the  
increased revenue in view from other  
sources, will enable the University to  
attain the full standing of other  
Universities in respect to the recog-  
nition of all its degrees. There have  
already been negotiations with the  
Department of Education at Toronto  
with this practically assured as the  
result.

The recent financial progress of the  
University has been most gratifying.  
The income for the Arts Department  
for the year 1913-14 was \$8,800. For  
the year 1914-15 just closing it will be  
about \$19,000 while the income for  
1915-16 will be not less than \$30,000 for  
the Arts Department, and about \$75,  
000 for all the departments of the  
University.

As a result of this five new members  
are being added to the staff of the Arts  
Department, including a number of re-  
cognized prominence and scholarship. A  
good gymnasium has been secured and  
a physical director is being appointed  
who is widely known in athletic cir-  
cles. New laboratories in physics and  
biology are to be inaugurated this fall  
which will supplement those of other  
departments in a very satisfactory  
manner.

The magnificent addition to the  
resources of Western Ontario's University,  
which is only the beginning of  
still greater things, will provide for  
the needs of the many students of this  
whole section of the Province, with-  
out taking them so far from home and  
encountering heavier expenses. There  
are already signs of increasing interest  
in the various Collegiate Institutes  
and High Schools which will turn a  
large number of students in the next  
few years towards the Western, where  
the authorities are determined to build  
up a university of the highest grade.

Albert Gates is erecting a fine large  
barn on his farm in Ekfrid to replace  
the one recently destroyed by fire.  
The raising was held on Friday after-  
noon, when a large crowd of neighbors  
gathered to lend their assistance in  
putting up the frame, which was pre-  
pared by Contractors Dan McCallum  
and Dugald Black. John Little and  
William Butler captained the sides,  
and the race developed considerable  
enthusiasm, though neither side could  
claim victory over the other. Mrs.  
Gates provided an excellent dinner at  
tables set on the lawn, assisted by the  
ladies of the neighborhood. A slight  
misfortune happened when the beams  
of the barn had been raised and the  
plates were being put in place. Mr.  
Butler missed his footing and fell from  
quite a height, cutting a wound in his  
forehead, which fortunately was not  
serious.
