

Mr. Meakin.

082729 Cook River.

Mar.

21-12-25

Dear Sir.

I would not be troubling you but I am just between the devil and the deep sea, I came back from France and since that I have been running into tough luck surty crops, I tried to get along without costing the country any thing, I found I could not, I did not want to lose all I had, so I ask the board to help me with a loan they turned me down when I ask them for the reason they told me there were so many of the boys that quit them in this district, now dont you think a fellow like me that has tried to help himself and is still trying and as the community ought to be helped, I am not asking for a gift I am asking for a loan which will enable me to stay on the farm. I would like to hear from you.

H. Craighill.
