Manufacturing

THE PRINTING AND MANUFACTURE

STATIONERY Co., LTD., are probably the largest in Vancouver; located at the rear of the Harbour (entrance) they occupy a floor space of close upon 700,000 square feet. Departments—Printing, Bookbinding, Lithographing, Electrotyping, Engraving, employing about 40 hands. Each department has a staff of wide experience and no expense has been spared in their various lines.

As in all other departments of the THOMSON & CO. From the time the customer's order is received in the office it is kept of its progress until delivered to the customer and reported upon. In the same way previous orders are handled.

We are now at work perfecting a system of order handling with certainty.

We are prepared to undertake all classes of work. Illustrated Catalogues, Magazines, Periodicals, Bar Charts, all descriptions, Lithographed Stock and Bond Certificates.

We take an interest in your work and guarantee the order be large or small.
