WHAT THE
FARMER
CAN DO WITH
CONCRETE

It contains information that has saved them time and money in making farm improvements. It has taught them the economy

of building everything of everlasting concrete.

There's no other building material as durable, as adaptable, as easy to use or as low in final cost as concrete.

Practically everything that can be built of wood, stone or steel can be made better with concrete and this book tells you how to do it. It is fully illustrated with photos and diagrams and contains 52 practical farm plans.

If you haven't a copy, send for one to-day. Keep it handy. Refer to it often.

It is free and will be mailed to you immediately upon receipt of coupon below.

International Harvester Oil Engines—Mogul—Titan

THE buying of the right engine for the farm is a family affair. Your wife, the boys, the girls, the help—everybody about the place will be helped so much by the engine that it pays to buy carefully. Get a good engine, a Mogul or Titan, give it all the jobs it will do and handle it properly, and it will still be shouldering the drudgery years from now.

Buy an International Harvester engine—Mogul or Titan. In time the family will come to look on it as a faithful ever-reliable friend. It will keep down your fuel and repair bills, deliver the most power with least trouble, and save you more hard work than you can realize now.

International Harvester engines are made in all approved styles, sizes from 1 to 50-horse power, operating on low as well as high-grade fuels. Some local dealer near you handles Mogul or Titan engines. If you don't know him, drop us a line. We'll send you full information, and make it easy for you to see the best farm engine made.
