## Kerosene Tractors

provide an economical aid to increasing production on the farm at a time when production counts for much and a means to accomplish more work at a time when labor costs eat into profits.

The Case 10-20 Kerosene Tractor is more than an efficient tractor—it is moveable power unit capable of furnishing force for the operation of any of the farm machinery. It develops 10 horse power at the drawbar while ploughing, seeding or harrowing and 20 horse power for operating the ensilage cutter and silo filler, the saw mill, the feed grinder or performing any similar work.

Over three quarters of a century of farm machinery construction have made the Case the tractor you need on your farm. Write our nearest office today for more details about the Case 10-20.

Toronto, Hamilton, Windsor.

## BISSELL SILOS

Our Silos are made of Pine or Spruce Staves preserved in creosote oil; steel splines; steel hoops, large at bottom; doors on two-step plan, airtight; roof of "Barrett" roofing, cut into right size sections. Consult us freely as to particulars. All sizes; prices on request. Write for folders.

T. E. BISSELL CO. LTD.,  
10 Mill Street, ELORA, ONT.

The Silo increases fodder value 40%, and saves one-third of other feeds. With a Silo you can give your cattle green feed in winter, and when a drought comes in summer. Silage stimulates and aids digestion, and assimilation of food, increasing flesh and fat.
