MENTION FARMER'S ADVOCATE

GOSSIP.

527 In writing to advertisers, mention the "Farmer's Advocate."

The Standard Poland-China Record has now reached its 12th volume, a copy of which is just to hand from the secretary, Mr. Geo. F. Woodworth, Marysville, Mo.

The regular annual meeting of the members of the Aberdeen-Angus Breeders' Association will be held at the Leland Hotel, Chicago, Ill., on Wednesday, November 9, 1906, at 7:30 p. m. Thos. McFarlane, Secretary.

Vol. XIV. of the Dominion Shorthorn Herd Book has just been issued by the secretary, Henry Wade, Toronto, and is, like the preceding volumes, neatly printed and got up. It contains list of premiums won by Shorthorns at Toronto, and the winners of the special prizes given by the Association at various fairs in 1897. The pedigrees contained are of bulls Nos. 13864-28065, and cows Nos. 29201-31147.

A. C. Hallman, New Dundee, Ont., writes: "Stock doing well. My imported stock is doing grand. My other breeding stock never was in better trim. My fall litters are coming strong. Having litters from different sires, will be able to supply the public with just what they want. Trade never was better. The business done at Toronto Industrial was beyond expectations. A visit to my herd will convince anybody that I have the proper Tamworths for the bacon trade, good length, with nice finish and lots of bone. My Holsteins are doing fine, have some 30 head of all ages of best strains."

Dehorning cattle has become a general practice, and numerous devices have been presented and claimed the recognition of cattle-men for that purpose. Among the original inventions of a practical nature is that of the Keystone Dehorning Clipper (having a V-shaped blade), patented and manufactured by A. C. Brosius, of Cochransville, Pa. The advantages of this blade have been so plainly recognized by others manufacturing clippers that they are very desirous of evading the patent. Having litters from different sires, will be able to supply the public with just what they want. Trade never was better. The business done at Toronto Industrial was beyond expectations. A visit to my herd will convince anybody that I have the proper Tamworths for the bacon trade, good length, with nice finish and lots of bone. My Holsteins are doing fine, have some 30 head of all ages of best strains."

Wm. Grainger & Son, London, Ont., writes: "In sending a change of advertisement would say that the young bulls we offer for sale are an exceedingly good lot, reds and roans. Two of them are grandsons of 2nd Fair Maid of Hullett—9017, the Chicago dairy cow, with a record of 52 lbs. of milk and over 24 lbs. of butter in one day; and their dams are all by selected dairy sires. They are big, lusty fellows and will make bulls fit to head any herd. They are got by the pure-bred Cruickshank bull, Beau Ideal—22554, by imp. Sittytown Stamp. We have got our barns all completed, and will be in better shape than ever to supply our numerous customers."

Messrs. Butler & Son, Doreham Centre, whose advertisement commences in this issue, writes: "We have had the most successful season at the fairs that we ever had. Our prizes have been more than 50% in advance of any previous year. We claim the largest and most successful prizewinning herd of Chester Whites in America. Out of 35 first prizes offered for Chesters at Toronto, London, Ottawa and Quebec, our herd won 34, and the remaining one was won by a pig bred by us. In breeding Chesters we have tried to get as much length and depth with as much quality and finish as possible, and we think that our efforts have met with general approval, for we sold at the Toronto exhibition one of our young boars to G. Danbrook of Woodstock for \$100, and 1 of our sows to G. A. Runniman of Warkworth, for \$75. Our herd is headed by Frisker 3rd, the best-bred boar in America, his sire and dam having won the sweepstakes in Chicago. He is assisted by Cuban Boy, an imported pig that won first at Toledo last year. We are booking orders for spring pigs from these boars now. Our Duroc herd was never in better shape. We have been very successful in the showing with them this fall, having won the sweepstakes for herd at Toronto. An imported boar, bred by J. M. Stonebraker, which won first at Toronto in 1897 and 1898, heads our herd. We have made several sales this year, and the breed seems to be coming popular in the East as well as the West. We have taken great pains in selecting lengthy sows for breeders, and now have a class that is well-adapted for the present requirements. Where feed is dear, as in Quebec, and where profitable pork production is the aim, they will always be in demand. Our entire Duroc herd is for sale at a bargain, as we do not wish to carry more than one breed. We purchase the entire Tamworth herd of H. George & Sons, and as we do not wish to keep this kind, will sell the remainder at once. They include some noted winners."

BRITISH ADVERTISEMENTS.

HAMPSHIRE DOWN SHEEP

Splendid mutton, good wool, great weight. This highly valuable

ENGLISH BREED OF SHEEP

is unrivaled in its rapid and

WONDERFULLY EARLY MATURITY,

Possessing, too, a hardness of constitution adapted to all climates, whilst in the quality of . . .

MUTTON AND LARGE PROPORTION OF LEAN MEAT, IT IS UNSURPASSED.

At the great Smithfield Club Show in London, December, 1897, Hampshire Downs again held their own, the class for wether lambs with 20 entries exceeding in numbers that of any other breed, whilst a pen of wethers stood reserve for the champion plate for the best short-wooled sheep in the show. A Hampshire Down also again took first prize in the dead carcass competition against all other short-wooled breeds.

Full information of
JAMES E. RAWLENCE, Secretary,
Hampshire Down Sheep Breeders' Association,
Salisbury, England.

J. E. CASSWELL, Loughton, Folkestone, Kent, Eng.
Breeder of Lincoln Long-wool Sheep, Flock No. 46. The flock was in the possession of the present owner's great-grandfather in 1785, and has descended direct from father to son without a single dispersion sale. J. E. Casswell made the highest average for 20 rams at the "Annual Lincoln Ram Sale," 1896 and 1897. The 1896 rams were all sold for exportation. Ram and ewe hoggs and shearings for sale, also Shire horses, Shorthorns, and Dark Dorking fowls. Telegrams: "Casswell, Folkestone, Eng." Station: Billingsboro, G. N. R.

SCABBY SHEEP.
\$50.00 REWARD
To any party who can produce a scabby sheep which the Lincoln Dip will not cure. Write for particulars.
Lincoln Sheep Dip Co.,
