STOCK NOTES.

(Continued from page 190.)

W. T. Benson, M. P., Cardinal, Ont., has sold
10 Hereford bulls and 11 Grade Hereford bulls to
the Walrond Ranch Co., N. W. T.

On the 27th, 28th and 29th inst., the Messrs.
Hamiltons, of Mt. Sterling, Ky., and others, will
sell, at Dexter Park, Chicago, Ill., 150 Shorthorn
cattle from the best and most choice strains.

The sale of Holstein cattle on the 16th ult., by
J. W. Stillwell, of Troy, Ohio, at Chicago, Ill.,
averaged \$205.64. The 62 head brought \$11,750.
The prices ranged very evenly, the three highest
being \$400, \$500 and \$550.

The Live Stock Journal (Eng.), states, 18th ult.,
that Mr. K. Green, of Green Bros., Oakville, Ont.,
has sailed from Liverpool with some very promis-
ing Shorthorns selected by him from the herds of
Sittzon, Uppermill and Collyme.

At the first day of the sale of imported Jersey
cattle by Messrs. A. M. Herkness & Co., Phila-
delphia, Pa., on 24th ult., the attendance was good
and bidding active; 75 head were sold at an av-
erage of \$403.20; and on the second day the sales
were as large, both as to average price and total
amount, whilst Pilot Rose, a beautiful creature,
fawn color, with white spots, brought \$2,400.

Mr. John Jackson, of Abingdon, Ont., writes us
that his sheep have passed through the winter in an
unusually healthy manner, which he attributes to
the steady winter. One of his Southdown ewes
dropped a lamb on the 15th November, and suckled
it all winter. Mr. Jackson intends visiting Eng-
land this summer, and will bring out a consignment
of Southdowns and Shropshires.

On the 20th of July next, the last day of the
Royal Agricultural Society of England's Show at
York, Messrs. Rogers & Hamar, of Hereford, Eng.,
will sell the well-known herd of pedigree Here-
fords, the property of Fred. Platt, Esq., and on
the 6th September, at the Leen, Pembridge, Here-
ford, the "Royal Prize Winners," belonging to
Phillip Turner. See advt. in usual column.

M. Cook & Son, of Aultsville, Ont., by their
advertisement announce to our readers that they
have made the first direct importation from Hol-
land of Holstein cattle, and they are now prepared
to fill orders. These cattle are now attracting
most deserved attention. As a breed they
are claimed by their admirers to be large, hand-
some, easily fattened, desirable, and profitable for
beef, of remarkably quiet disposition, wonderful
milk producers—in fact the best dairy stock
known.
