

ANOTHER 60 SPEED INVENTION

A five rim friction clutch for 4, 5, 6 and 8 H. P. 60 Speed Engines.

An improvement that means more actual working service from the engine than has heretofore been possible. The five pulley rims, each of a different diameter, are removable. You can change from one to another in less than five minutes. Thus, you always have the proper speed for each job. This is a new and exclusive Gilson feature.

GILSON 60 SPEED ENGINES

The *Gilson 60 SPEED Engine* with the five rim clutch, is a power house on wheels, ready for feed cutting, silo filling, feed grinding, wood sawing, etc.—doing every job at just the proper speed for efficiency and economy. It would take a big investment in extras to make any other engine do the work that the *Gilson 60 SPEED* will do.

Friction Clutch—enables you to start the engine and then start or stop your machinery at will. No belt to shift.

GET GILSON FACTS and find out how a *Gilson 60 SPEED Engine* does the greatest variety of work, how it saves money in equipment, and gives 100% service at lowest cost.

The *Gilson* is one of the most substantially constructed and simplest-to-run engines built, made in 4, 5, 6 and 8 H. P., also 1½ H. P. and 3 H. P. with 60 SPEED shaft and pump jack.

68 York St., Guelph, Ontario

SYNOPSIS OF DOMINION LAND REGULATIONS.

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency of the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section along side his homestead. Price, \$3.00 per acre.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price, \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY,

Deputy of the Minister of the Interior.

INVENTIONS

Thoroughly protected in all countries. EGERTON P. CASE, Registered Patent Attorney, DEPT. B, TEMPLE BUILDING, TORONTO. Booklet on Patents and Drawing Sheet on request.

B T HORSE STABLE FITTINGS

BT Iron Guards Iron Stall Posts Hay Racks Adjustable Hangers

They make a durable, permanent job of your stable, add greatly to the brightness and appearance; when everything is considered they cost no more than wood fittings. A post card brings catalogue by return mail.

The *B T Iron Guards* are made of ½-inch steel rods secured in a heavy frame. They cannot be broken or disfigured in any way by the horses—once in place they never need repairing.

The *Open Construction* of the *Iron Guards* allows the sun-light to flood every corner of the stable, making it bright and attractive. The guards do not collect dust or dirt, and so add greatly to the appearance of the stable.

The *B T Iron Stall Posts* are grooved to receive the stall partitions and so save much time in constructing the stable. They hold the partitions firmly, so that there is no possibility of the partitions ever going down. No amount of battering by the horses will ever disfigure them.

The *B T Iron Mangers and Feed Racks* allow the dust to escape from the hay. They cannot be disfigured by the cribbing of the horses. We make a variety of different designs which are carefully illustrated in our catalogue.

WRITE FOR OUR CATALOGUE AND PRICES

A stable equipped with substantial *Iron Fittings* looks good not only to-day but for years to come and all repair work is eliminated. The cost is not great. Horses bring a big price and it will pay you to stable them in bright, sanitary stalls.

DE LAVAL CREAM SEPARATORS

WIDELY IMITATED NEVER DUPLICATED

So universally recognized as the best that all others are real or pretended imitations, to the extent that expired patents permit, but none was ever anywhere near being a duplication. De Laval Dairy Supply Co. Montreal and Winnipeg.

"Go North Young Man!"

WHY?

Because there are millions of acres of agricultural land in Northern Ontario in some cases free, and in others at 50 cents per acre, excelling in richness any other part of Canada, blessing and waiting to bless the strong, willing settler, especially the man of some capital.
