BAZAAR AND FESTIVAL.-We understan that it is the intention of the Trustees of the Mount Allison Institutions to furnish the Ladies' Academy, during the coming season, with complete steam-heating apparatus. The superiority of this mode of warming large buildings over sind methods in control of the superiority ings over rival methods is generally acknow ledged, and now that the "hot air" furnace and channels at present in use call for exten sive repairs in order to continued service we think the Trustees are acting wisely in de termining to substitute the more approved and modern system. It is understood that this important affair will come off in the latter part of June next. The former students of the Ladies Academy will, no doubt, take a very active interest in promoting its success, and we have good reason for be-ieving that those resident in Sackville will set an inspiriting example to their sisters elsewhere The indications are that the matter will be tak en up with general enthusiasm. All friends of the Institutions should give it practical support, -Borderer.

The Christian Guardian of the 15th inst. says :- THE REV. MR. PUNSHON left yesterday morning, bound for the Pacific Coast. He expects to visit Salt Lake, California, Vancouver nd British Columbia, before his return. His main idea is to examine the state of our mission work on the Pacific Coast. He is to be accompanied in his journey by Rev. Hugh Johnston, M. A., of Toronto, and Rev. Manly Benson, of Newbury. In a brief note received from Mr. Punshon on Monday, he says: "I start (D. V.) to-morrow, on my westward journey. I trust all blessings will abide upon the churches, and that the returns of the year will show that there has been a harvesting of many souls. I desire very fervently an interest in the prayers of my brethren, that, if the Lord will, my journey may be prospered and made useful. All communicatians on connexional business addressed for the next two months, to the esteemed Co Delegate, the Rev. Dr. Evans, William Street, Yorkville, will, I am sure, meet with

prompt and courteous attention." FATAL ACCIDEET IN CAPE BRETON.—The Cape Breton News says, on Friday week, a collier named George White, was killed in the slope at the Victoria Coal Mines, Low Point, and another workman named Wier, seriously, but not fatally injured. The unfortunate de ceased, with his companion, was at work at the face of the slope, when a heavy mass of stone from the roof fell, and rolling down the slope struck him causing almost instantaneous death

GRAND FESTIVAL AND BAZAAR.—We see it announced that Robert Reed, Esq., or Saint John, has offered his magnificent grounds on which to hold, about the ast of June next, a Festival and Bazaar, on a scale hitherto unequalled in these Provinces. The object is to raise tunds to repair the Mount Allison Ladies' Academy, and to provide it with steam-heating apparatus on the most modern and improved system. Coutributions of fancy and useful articles for the Bazaar, and donations of money to defray necessary expenses, are expected from tormer students and other friends of the Institution in Nova Scotia, New Brunswick Prince Edward Island, Newfoundland, and Bermuda. It is intended that the Festival will continue for several days. Mr. Reed will illuminate the grounds at night with Chinese lanterns; and a brilliant display of fire-works
