Policy No. 618, issued in 1872, at age 80, for \$1,000 on the All-Life plan. Annual premium, \$20.80.

At the Quinquennial Division on the close of 1876, the holder elected to take his profits by way of Temporary Reduction of Premium, and has had the benefit of the same.

This policy-holder will, at the ensuing Quinquennial Division, after the close of the present year (1881), have a Temporary Reduction for the ensuing five years of \$9.78, equal to 46.81 per cent. of the annual premium.

The cash profits for the five years are \$42.88, equal to 41 per cent. of the premiums paid during that period.

The cash profits if used as a Permanent Reduction would reduce all future premiums by \$2.65, equal to 12.68 per cent. of the annual premium.

The above unsurpassed results are the profits for the second five years of the policy.

The next Quinquennial Division takes place as early as possible after close of 1881.

**Temperance Colonization Society.**  
**2,000,000 Acres of Choice Lands.**

The Second Third is now all taken, and we have resolved to let the remaining Third go at the same price—\$2 per acre—although we could sell the balance at double that price if we chose to ask it. All the profits on these sales go to the Colony in public improvements, as agreed with the Government.

We have now ascertained that we shall probably want about sixteen millions of acres to meet the demands of the subscribers when the canvass is completed, which is but just commenced; limited, too, as subscribers are, to one section each. The balance, of course, whatever it may be, we shall have to obtain from the Government, at what rates is uncertain.

Therefore subscribe at once. 511 quarter sections have been taken to-day. About 1,000 families now stand ready TO GO as soon as we are ready.
