

Sewing Machine Prices Down

With the lapse of all patents that are essential to the making of a first-class sewing machine, we are able to introduce the very best type at prices but a fraction of what was formerly paid.

You take no risk in buying a Spencer Sewing Machine.

A Ten Years' Signed Guarantee Goes With the Spencer Sewing Machine

This covers any defect that may arise that is due to faulty workmanship. Ten years is a long time, and we think you will agree that the makers could not afford to make such a generous offer unless the machines were well nigh perfect.

The "Victoria" Sewing Machine has top extension, oak table and drop head. Price \$17.50.

The "Spencer C." Sewing Machine, superior finish to Victoria. Price \$23.75.

The "Spencer B." Sewing Machine, with side tension, automatic drophead, four drawers. Price \$28.75.

The "Spencer" Sewing Machine, mechanically perfect, quarter-cut oak case, drophead. Price \$32.75.

The "Spencer A." Sewing Machine, the finest type of machine, in beautiful quarter-cut oak case. Price \$36.75.
