THE GRAIN GROWERS' GUIDE
 "Equal Rights to All and Special Privileges to None"
 A Weekly Journal for Progressive Farmers

Published under the auspices and employed as the Official Organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association, and the United Farmers of Alberta.

The Guide is the only paper in Canada that is absolutely owned and controlled by the organized farmers—entirely independent, and not one dollar of political, capitalistic or special interest money is invested in it.

THE BROTHERHOOD OF MAN

Oh for a lodge in some vast wilderness,
 Where rumor of oppression and deceit,
 Of unsuccessful or successful war,
 Might never reach me more! My ear is
 pain'd,
 My soul is sick with every day's report
 Of wrong and outrage with which earth
 is fill'd.—Cowper.

COLLEGE STAFF STRENGTHENED

The teaching staff of the Manitoba Agricultural College is being strengthened, and following a meeting of the governing body last week seven new appointments were announced. The new members of the staff will not displace those already connected with the college, but will be additions. One new chair is established, G. G. White, manager of the co-operative department of The Grain Growers' Grain Co., having been asked to become professor of rural economics and farm management. The other appointments are:

E. W. Merchie, assistant instructor in English.

C. A. Galbraith, associate professor in chemistry.

J. A. Neilson, lecturer in horticulture.

Dr. D. M. Lineham, physician for college.

Miss Patrick, instructor in household science.

Mrs. Zinck (reappointed), director of girls' physical training department.

President Reynolds and Hon. V. Winkler have been empowered to select the best man who can be obtained as professor of animal husbandry. This department is at present in charge of Professor E. Ward Jones, a very capable young man, but it is considered desirable to secure for this important position a man of wider and riper experience. Mr. Ward Jones will probably be asked to remain at the college as associate professor.

EWART HENDERS INJURED

Ewart Henders, a married son of R. C. Henders, president of the Manitoba Grain Growers' Association, met with a severe accident while working on the threshing engine at his farm at Culross on October 23. Mr. Henders inadvertently stood too near to the revolving machinery and his toes were torn off. He suffered intense agony and was immediately attended by Dr. McIntyre, of Elm Creek. The doctor dressed the wounds and ordered Mr. Henders' removal to the Carman hospital, where he is making satisfactory recovery.

THERE'S A REASON

Mrs. J. Ogden Armour, wife of a leading Chicago butcher, was robbed of \$20,000 worth of platinum and diamonds, and the newspapers threw violent fits. J. Ogden Armour's employees in the stockyards have been robbed of as many million dollars worth of life, liberty and happiness, but the newspapers have so far thrown no fits about that.—The Christian Socialist.

Thirty-Six Highest Awards To International Harvester Machines

THE International Jury of Awards, at San Francisco Exposition, gave to the International Harvester exhibit thirty-six highest awards covering not only the full line of harvesting, haying and corn machines and binder twine, including Deering and McCormick, but also the newer lines—the oil engines and tractors, manure spreaders, tillage implements, farm wagons, corn planters, corn cultivators, feed grinders, and seeding machines.

This is a world's record. Never before were so many highest awards given to any one exhibition of farm machines at any World's Fair.

In 1851 the first reaper was exhibited at the World's Fair in London, and there received the Council Medal. Since 1851 it has been the Company's policy to exhibit and demonstrate its machines wherever the opportunity was offered.

The exhibit at San Francisco in 1915 occupies 26,721 square feet of space, by far the most complete exhibit of its kind ever made. The thirty-six highest awards given to this exhibit constitute a splendid mark of approval for the good judgment of the hundreds of thousands of farmers who believe International Harvester machines to be the best the world affords.
