You Can Do a Lot With Very Little.

Do a lot of "Brightening Up" in a very little time and at small expense. A pot of paint, a can of varnish and a brush and you soon make the worn floors clean and fresh, the old furniture bright and new, the ding cupboards sweet and sanitary. Just look around the house see what is showing wear and tear and come to us. We'll tell you what what to use and how to use it. Here are a couple of suggestions.

Your Furniture:

Pick out the dingy pieces give them a coat of Sherwin-Williams Floorlac Oak or Mahogany or whatever color you wish. What a change is wrought in a short time! Old chairs, tables, bedroom furniture no longer worn and shabby, but bright and new, and all at such a small expense. Just try your hand. With Floorlac you stain and varnish at one operation. Easy to apply. Ask us for color card.

Your Cupboards:

The spotted, dusty cupboard shelves, the worn doors and outsides, are changed indeed after a coat of Sherwin-Williams Family Paint has been applied. Family Paint is a durable oil paint, made in a variety of pleasing colors, for painting woodwork, cupboards and the hundred little things around the house that need a coat of good paint occasionally. It wears well stand scrubbing and washing.

Don't you think there's something about your place that needs a little fixing up? Just consult us—we like to help folks. We are agents for Sherwin Williams and Martin Senor's Paint.

Snake In an Apple.

An apple with a garter snake embedded in it, was a curiosity brought in by an Apple Inspector, Mr. Warkman. The apple was found in a barrel of Ben Davis which was being repacked in Mr. B. H. Coyle's fruit house. The snake, which appears to be over half an inch in diameter and about eighteen inches long had evidently gotten into the barrel when in the orchard and had eaten a hole in the apple and curled up in it and died from cold or some other cause. The apple was a good sized one and was perfectly sound around the outside of the opening in which the serpent was imbedded.—Colborne Enterprise.

It makes a man mad to have another man make a fool of him, but he seems to enjoy the process when it is of his own making.

Russia is apparently determined upon a war against China. One would think the Great Bear got enough of the Oriental Hornets when he went after the little Jap yellow-jackets.

A recent circular issued from Ottawa by order-in-council authorizes post masters to accept deposits to the extent of \$1500 in any one year and the maximum limit of an account is fixed at \$5000 exclusive of interest. The former figures were \$1000 and \$3000. This will afford depositors of limited means an absolutely safe place for their savings.

NEUSTADT

The first of April came in very rough, but it is hoped that we will soon have a change in the weather, as the housewives are anxious to get to work in their gardens.

Frank P. Schmidt was under the doctor's care last week, but has recovered. There are many others in the village laid up with lagrippe.

Mr. and Mrs. Fred Zarn of Hanover visited at John Alles' on Thursday last. Mr. Zarn has a notion to move to this town. Mr. Alles' brother from Waterloo, also visited here on Friday.

Fred Schmidt visited his brother Frank on Friday, and Mrs. Jos. Eidt visited Mrs. Schmidt here on the same day.

Herman Wildfang of Berlin was in town last Friday. Herman is well known here, having formerly conducted a blacksmith business here. He is leaving next week for Winnipeg where he intends spending the summer. We wish him success.

The children of the Lutheran Church will be confirmed next Sunday.

We have been wondering what has become of your correspondent from the 10th Con. of Carrick. Has he left the 10th, or is all his time taken up rocking a pair of twins to sleep? If he will let us know, we would lend him a helping hand, for we know the job is not an easy one.

The chair factory toots its whistle every morning at 6 o'clock, but last Friday morning at 2 o'clock the whistle was sounded, and it kept blowing until every resident of the village was aroused. It was at first stated that the station was on fire, but when the citizens arrived at the depot, they found a freight car in flames. The G. T. R. it seems, had brought a carload of coal cinders up the line, and it probably contained some live coals for the outfit caught fire. The citizens started to rescue the car and had the flames subdued in short order. The Neustadt ladies, to the number of about 50, turned out, and helped materially in extinguishing the flames.

Fire at Seaforth,

Seaforth, April 4.—Fire to-day practically wiped out a number of firms doing business in the Scott block, a three-storey brick building on Main street. It originated in the top storey and was discovered about 5 a. m. The cause is unknown. The total insurance on building and stocks was about \$14,000 but that will not cover the loss.
