GREAT FIRE IN HAMITON. struction of the McInnes Bros.' Block and Many Other Buildings.

The greatest fire that ever occurred in Hamilton broke out on Friday evening last, at the corner of King and John streets, in the finest building in the city, known as the McInnes block. This block was owned and partly occupied by Messrs McInnes Bros., wholesale dry woods mechants. The ground floor was ENITORIAL. NOTES.

At 8.30 when the flames in the Sandford block were nearly controlled, the standing portion of the wall came down into John street with a loud crash; and in the Melmus block a portion of the heavy stone coping of one of the windows in the fourth story also collapsed, the crowd flying from the spot, thinking the whole wall would tumble into the street. The fire now raged in the bottom of the building like a lung cauldron, and sent up sparks which issued from the upper windows and were carried far and wide by the wind.

AFTER TUE FIRE.

The corner of King and John streets to-day. (Saturday) presents but the smoking ruins of what were yesterday the finest and most costly business establishments of the city. During the entire night streams of water were kept steadily upon the ruins and debris. McInnes & Co.'s block was lighted with a large number of gas jets, and after the pipes had all been melted up to the walls the gas still continued to burn determinedly at the various orifices. At length, however, after daylight, the jets were eventually extinguished, but no sooner had this end been attained than the atmosphere became tainted in the neighborhood with the large leakage that was taking place, and between seven and eight o'clock three employees of the Gas Company, James Ivory, Robert Neymour, and John Nibbs, arrived on the scene and entered the basement to endeavor to plug the main pipe, the end of which emerged not far from the centre of the building. They had scarely commenced removing the debris here prior to entering upon their task when, to the horror of 'all present, the entire John street wall of the building swayed and fell inwards with a crash,

BERYING THE THREE MEN ALIVE.

The escape of six others from a similar fate was at the same time almost miraculous. These were P. Hennesey, locksmith, who find commenced operations on McInnes's upper vault, and his assistants, William Seymour, William Ogilvie, H. Critchman, Chas. Powell, and Jno. Rogers. They were all inside when the wall was seen to away, when Hennesey, who first observed the danger, gave a shout of warning and rushed into King street through the door of the Bank of Hamilton. The other five as if by instinct rushed at the same moment in below the King street sidewalk whence they where afterwards safely rescue up y removing the gratings, Powell alone sustained a few bruises which, however, are not serious. The other three, Ivory, R. Seymour, and Nilbs were completely buried, and their deaths must have been instantaneous. All three are married men, and Seymour leaves a large family. Cornell.—A special meeting, at the call of the Reeve, was held at the British hotel, Moorefield, on the 23rd ult., all the members being present. It is resolved that a grant of \$40 be given to be expended in graveiling on cos. 6; also that an equal amount be expended on con. 10, both of said roads being in a bad state of repair. It was resolved that the Council grant \$150, on condition that Peel Council grant an equal amount, the grants to be expended in filling up a low part of the road, known as the boundary line between the townships of Peel and Maryboro', on cons. 16 and 17. The Reeve was requested to employ Mr. Wheelock, the County Surveyor, to make a survey of, and establish the road allowance between lots 3 and 4, in cons. 3 and 4; also a disputed line on con. 14, between the townships of Peel Maryboro. It was resolved that a grant of \$15 be allowed by this Council for the purpose of providing dinners for the teamsters from Arthur, who have agreed to perform gratis work, laying down gravel on the centre sideroads, on cons. 15 and 16, in the township of Maryborough; the balance of said grant unexpended (if any) to be returned to the township treasurer. Orders were drawn on the Treasurer in favor of the following parties:— T. W. Carroll, pathmaster, for statute labor accrued on lot 1, con. 9, \$38; J. H. Williams, for work on town line between Maryborough and Mornington, \$2: T. Boothe, serving notices of appeals, \$3.50.—Ww. Dynes, Clerk.

SEVERE STORM IN GREAT BRITAIN.

London, August 4.—The storm on Saturday was the severest known here for many years, and caused immense injury. The loss by the rain, hail and inundation will be irreparable this season. The loss on live stock is also serious. The storm was attended by a fall of hail stones, some of which were five inches in circumference. The damage to the glass immediately around London foote up many thousand pounds. In a great part of Bedfordshire the hay crop has been completely swept away, and many cattle drowned. New market and the neighborhood are flooded, and the rain fall in Buckinghamshire, it is estimated, ruined immense quantities of hay. Damage by the flood and lightning is also reported from Cambridge, Norfolk, Guilford, Leicester, Bath and Monmouth.
