in Open Cut

hich Was Flooded, Not Being in Use, and Offered a Splendid

T. Co. on 63 below on Bonanza seasons ago was the cause of the th of a miner last night by name Alex Murchison. The high water the spring has caused the cut to flooded and as the water remains I nigh stationary and is exposed the direct rays of the sun it ofan admirable place for the minof that vicinity to enjoy a swim ser their day's work is completed chison the victim and his partner Russell were among those who d been accustomed to enjoy the dethis of the swimming place and st night shortly after 7 o'clock er entered the water for a scrub a plunge. The cut is about 10 t deep and in the neighborhood of w feet long which makes an admirile pool. The men had been in the ier but a short time when Murchiwas heard to scream out and alimmediately and before Russell ized what was happening he threw his hands and sank. The latter ered his presence of mind inatly and made every effort to the drowning man, but without where he met Captain Routledge who t was thrust to his assistance.

pied by the two men. Captain tledge, of the Forks, was notified Constable Wright was detailed to charge of the body until after inquest had been held.

chison and Russell were workfor the former's brother on a hillwas a young unmarried man about years of age, a native of Regina,
