

OVERWORK

You know all about it. The rush, the worry, the exhaustion. You go about with a great weight resting upon you. You can't throw off this feeling. You are a slave to your work. Sleep fails, and you are on the verge of nervous exhaustion. What is to be done? Take

AYER'S Sarsaparilla

For fifty years it has been lifting up the discouraged, giving rest to the overworked, and bringing refreshing sleep to the depressed. No other Sarsaparilla approaches it. In age and in cures, "Ayer's" is "the leader of them all." It was old before other sarsaparillas were born. \$1.00 a bottle. All druggists.

Ayer's Pills aid the action of Ayer's Sarsaparilla. They cure biliousness. 25 cts. a box.

"I have used Ayer's medicines for more than 40 years and have said from the very start that you made the best medicines in the world. I can assure your Sarsaparilla saved my life when I first took it 40 years ago. I am now past 70 and am never without your medicines."

Write the Doctor. If you have any complaint whatever and desire the best medical advice you can possibly receive, write the doctor freely. You will receive a prompt reply. Without cost. Address, Dr. J. C. Ayer, Lowell, Mass.

Addresses to the King

All the loyal addresses to the King from municipal bodies are sent to the Home Office, and the officials of that department have quite a task to deal with them, so numerous have they become of late. Several clerks are now wholly occupied each day in receiving and acknowledging these addresses on behalf of the King. If they continue to pour in at the same rate there will be some difficulty in accommodating them all, for already they are piled up in half a dozen different rooms. They are forwarded to the Home Office in all manner of ways, some in cylinders and others in boxes. Many have been inclosed in elaborate frames, and others are presented in album forms. Expense has not been spared to secure artistic finish in most cases, but how many of them His Majesty will find time to inspect is quite another matter.—From The London Chronicle.

W. EATON & SON No. 259 Barrington St. Halifax, July 1899

HANTSPOURT

Mrs. Robert Burns, who has been visiting her daughter-in-law, Mrs. Frederic Burns in New York returned home Saturday.

Nine persons were received into full membership of the Methodist church here on Sunday night. Most of these were heads of families.

New planking has been put in the D. A. R., crossing opposite ADVANCE office. Elijah Forsythe, formerly of Coldbrook, Kings Co., is section master on the railroad here.

Schooner Chaparral, Capt. Mills, arrived at Hantsport Thursday and discharged a cargo of fertilizer for David Dorman. The vessel left port of her load at Windsor.

It is said there are more bicyclists and bicycles in Hantsport than any town of its size in the province. Lots of them are now on the streets. Now that the roads are good, why not form a club and take some runs.

A new bridge, 85 feet long, has been constructed in place of the old one on road leading to Fr. L. Gertrude's. Mr. Coon, our street commissioner, has had charge of the work. The iron bridge for Half Way River will be put in as soon as possible.

The D. A. R. Co.'s new engine, No. 25, named the Strathcona, passed through on the way to Halifax last Wednesday. The Strathcona is the largest and best engine on the road of this popular company and a valuable addition to their rolling stock.

The old foundry will soon be occupied by the Newport Nursery Co. This is a central depot for the sorting and shipping of their stock. The foundry building, it is expected, will be the proposed barrel factory location.

Miss Irene McColloch, who was teaching school at Steep Creek, Guysboro Co. and who had to resign her position last winter, owing to severe sickness, has so far recovered as to be able to return to her home. She arrived last Wednesday.

The trial of Comille Fisher, son of Rev. J. M. Fisher, charged with shooting M. Cutcliffe and Leon Rockwell with intent to do bodily harm, came off at Amherst on Monday before Judge Morse under the Speedy Trial Act. Judgement was reserved until yesterday.

Efforts are being made by our fruit growers to prevent the dreaded pest, the San Jose Scale, from securing a foothold in Nova Scotia. If the farmers all work together, as they seem to be doing in this case, the scale can be prevented entering the province, or at least, destroyed if it should be brought in. If the same care and forethought had been exercised in regard to the potato bug, we might have kept it out.

We notice it is a common practice for the boys on the arrival of trains here to jump on and ride up to station and also to ride down from station to crossing. Now, boys, you are doing a very dangerous thing. Some day one of your number may fall under the wheels. You are pretty agile, no doubt, but the most nimble are sometimes caught. The boys in Kentville used to ride on trains that way until one of them was mangled by the train. The only safe way is not to do it.

Several of the tugs and steamers on the other side of the Basin and on the Avon have been sold and have gone to different waters and it is difficult at time to secure a tow. We heard a captain the other day say that when Potter Bros., of Canning got their new steamer built the "Beaver" would likely go into the towing business. When a steamer of her calibre can pull \$3,300 subsidy she ought to be able to pull most anything.—Leader.

The editor in the course of his rambles a few days ago stopped at Capt. Thomas Masters steam mill on Half Way River. The mill employs in the busiest season 10 men, besides five coopers making barrels. With up-to-date appliances in the way of machinery, the business puts out lumber, boards, frame stuff, barrel material, etc., in large quantities. There are piles of logs on the ground ready to cut. The mill has not quite begun the season's work yet, but very soon things will be booming in that vicinity. Capt. Masters makes up nearly all of his barrel stuff on the ground in buildings near by. There is also a large house for storing barrels. Burton Frizzle, one of the most valuable employes, is an expert slave sawer and jointer and has handled 6,700 in a day. The power for the mill is furnished by a 40 horse-power Leonard Ball Automatic Engine. Minard's Liniment Cures Colds etc.

"Crying for the Moon"

Has become a proverbial phrase to express the faculty of mere desire. There are a great many people who think it is as useless to hope for health as to cry for the moon. They have tried many medicines and many doctors, but all in vain.

A great many hopeless men and women have been cured by the use of Dr. Pierce's Golden Medical Discovery; people with obstinate coughs, bleeding lungs, night sweats and other symptoms of disease which if neglected or unskillfully treated find a fatal termination in consumption.

"Golden Medical Discovery" has a wonderful healing power. It increases the nutrition of the body, and so gives strength to throw off disease. It cleanses the blood from poisonous impurities and enriches it with the red corpuscles of health. It is not a stimulant, but a strength giving medicine. It contains no alcohol, neither opium, cocaine, nor any other narcotic.

Sometimes the extra profit paid by inferior medicines tempts the dealer to offer a substitute as "just as good" as "Discovery." If you are convinced that "Discovery" will cure you accept nothing else.

"I was in poor health when I commenced taking Dr. Pierce's medicine," writes Mr. Eimer, of Volga, Jefferson Co., N. Y. "I was unable to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced gaining strength and flesh, and stopped coughing right away. Took about six bottles of the 'Golden Medical Discovery.' Then, and last spring I had a cold, and it settled on my lungs, but he didn't seem to help me any, so I commenced using your medicine again and took three or four bottles of the 'Discovery' and two vials of Dr. Pierce's Peppermint Cure, and that cured me up. I feel like a different person. I gladly recommend your medicine to all who are afflicted as I was, for I know it cured me."

Dr. Pierce's Pleasant Pellets cure constipation by curing its cause.

A tennis court has been set up in the school grounds.

Plowing has commenced and soon spring work will be r.ishing.

The Presbyterian church people here are planning to have a monster tea meeting about the 1st of July.

Everyone should hear Rev. J. L. Batty's lecture "From Halifax to Halifax," in the Methodist church here next Friday night. Special singing. See posters.

J. T. Pulsifer, shoe dealer and maker of this town, has recently put in a Bradbury stitcher, an \$80 machine. This will be a great help to Mr. Pulsifer in his business.

The heavy sides caused a wash-out on the D. A. R. last week. A special train came down from Kentville with gravel and the men repaired the breach.

A little daughter of Mr and Mrs E. V. Porter has the scarlet fever. It is supposed to have contracted the affection while visiting in a western county.

The handsome French coach station Quay, owned by M. O. Bennett, Canning, went through by freight to Windsor on Wednesday. Quite a crowd gathered at the station to see this beautiful horse. It is safe to say a better proportioned, all-purpose horse has never travelled this way.

J. W. Bigelow, president of Nova Scotia Fruit Growers Association, has written to Mayor Whitman, offering to supply an inspector to look after the San Jose scale for this neighborhood. Mr Bigelow's offer has been accepted. That's right, gentlemen, nothing like being ready for emergencies.

The tug W. M. Weatherspoon, which has been lying at one of the wharves here for a week or so unable to float on account of low tides, got away Wednesday night. Capt. Gordon says she will be used in the Bras-d'Or Lake region the first part of the season and afterwards go to Northumberland Strait. Capt. John McDonald will pilot her to Sydney.

Capt. Clarence Coalfeet, John McDonald, Andrew McDonald and Jas. Barker went to Stillwater fishing on Monday. This is a fine place for trout. The above anglers took a boat and all necessary paraphernalia. Have not seen the fish yet, but suppose they hooked some weighing—pounds. They all do. As it rained Monday, probably, at least, they got—wet.

Willow Brook Farm, owned by Capt D. T. Faulkner, is one of those places giving evidence of good attention and cultivation. His thrifty orchard is quite an addition. The captain says if there was only a canning factory for putting up fruits and vegetables it would pay here. Why not make a move in that line, Captain? Good location in the disused door and sash factory. It would pay well without doubt.

J. W. Selfridge, Wolfville, formerly proprietor of the Central House there, has purchased the J. W. Caldwell farm and will move this week. Minard's Liniment Cures "Barget a Cow."

He has leased the J. W. Caldwell store and will have more room than he had in old quarters to exhibit his goods. Mr Selfridge is agent for the well-known Massey-Harris farming implements, and has already sold a carload this spring. He will carvass a part of Hants county in the interests of his firm.

The funeral of the late Deacon H. Reed took place from his residence at Lockhartville last Tuesday. A large number of relatives and friends from the neighborhood, Hantsport and Avonport gathered to pay their last respects to the departed. Mr. Reed formerly lived in Avonport. Rev. G. R. White preached the funeral sermon in the church at Lockhartville. The relatives of Mr Reed have the sincere sympathy of a large circle of friends.

Colonel Girouard has been appointed officer to administer martial law in Cape Colony.

Hon. A. E. McKenzie ex-Speaker of the Prince Edward Island Legislature died last Tuesday at his home with cancer.

Alfred Durant, of Moncton, a member of the first contingent, has received \$1,000 from the Canadian patriotic fund.

Angus Campbell, 106 years old, died at Middle River, C. B. on the 9th April. He was the oldest resident in Nova Scotia.

Last Sunday, Canon Brock, of Kentville, Rev. Wm. Dobson and Rev. G. W. Schurman of Halifax, preached in Truro.

W. B. Marchant of Waterville, has begun work in the new residence he is putting up this summer. His brother J. H. Marchant has the contract.

I was cured of a bad case of Grip by MINARD'S LINIMENT. Sydney, C. B. C. I. LAGUE.

I was cured of loss of voice by MINARD'S LINIMENT. CHARLES PLUMMER. Yarmouth.

I was cured of Sciatica Rheumatism by MINARD'S LINIMENT. Burtin, Nfld. LEWIS S. BUTLER.

Three whales were sporting in Cobequid Bay last week. One of them eighty-five feet long was killed and towed into Partridge Island Saturday.

The Annapolis Spectator says that an experiment is to be tried at that place,—that is the flooding of the garrison moat with sufficient water to enable small boats and canoes to be used for aquatic purposes.

Last Monday morning Mrs. Capt. Morash of Chester, N. S. committed suicide. The unfortunate woman had a bad attack of pneumonia and early Monday morning she rose from her bed, seized a razor and severed her wind pipe.

The Manhattan S.S. Co. of New York, are endeavoring to charter the steamer Yarmouth, and if they succeed will probably put her on the route between New York and Halifax, calling at Yarmouth.

When a man and woman become husband and wife they are joined together for a strenuous life.

TO CURE A COLD IN ONE DAY Take Laxative Bromo Quinine Tablets All druggists refund the money if it fails to cure 25c. E. W. Grove's signature is on each box.

A ring around the moon is a sign of rain, and a plain ring around a woman's finger indicates more reign.

All that I want, said O'Toole, is peace. And, be jabbers, I'll have that, if I have to fight every man in the parish to get it.—Tid-bits.

Severe Pains in Back and Hips.

Mr. James Clark, Concession, Prince Edward County, Ont., states:—"Eleven years ago I was taken with pains in my back, settling in my hips and extending up my spine. The pain was very severe, and at times almost unendurable, and many days I was not able to do an hour's work. Though I had consulted many first-class physicians and tried several advertised medicines, I could get no relief.

"At this time my father-in-law told me to try Dr. Chase's Kidney-Liver Pills, and said he knew they would cure me. I secured one box and great was my surprise when I began to feel better. I continued their use until I had taken about four boxes, which made me a sound man. I have recommended them to a number of my friends and have never met with one case where they did not meet with good success. My daughter, Mrs. Chas. Phillips, has also been cured of a severe stomach trouble by the use of these pills." One pill a dose. 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto, Ont.

Dr. Chase's Kidney-Liver Pills.

A young man, in New York City, got mixed in his notions, and rang in a fire alarm. A policeman saw him do it, and arrested him. He said he was ordered by Heaven to do as he did. He was locked up. That excuse may go in Kansas, but Heaven and New York have not been on intimate terms for several years, and Heaven has no influence with the police force in New York.—Railroad Trainman's Journal.

Bobby, at the breakfast table,—Maud, did Mr. Jones take any of the hats or umbrellas from the hall last night?

Maud—Why, of course not! Why should he?

Bobby—That's just what I'd like to know. I thought he had because I heard him say when he was going out. I'm going to teal just one, and—why what's the matter, Maud?

MARRIED

At St. Luke's Cathedral, Halifax, by Rev. Mr. Cromford, Hon. M. H. Goudge of Windsor, to Miss Blanche Stimpson, of Halifax.

DIED

At 224 East 109th Street, New York City, March 31st, James N. Hutchinson aged 85 years. Eldest son of Mr. and Mrs. David Hutchinson of Lockhartville, N. S.

Don't worry about Small-pox, the health authorities will protect you from that, but they can't protect you from colds, pneumonia and consumption. SHILOH'S CONSUMPTION CURE is about the only thing you can depend upon for that. Doctors prescribe it. Nurses recommend it. Hospitals use it. 25c. a bottle. S. C. WELLS & CO., Proprietors, Toronto, Canada.
