CANNING

November 6th.—We had wonderful warm and summery weather last week. The summer girl was back in white gown and smiling visage, but she left on the last train Saturday night and her sister was abroad on Sunday and every day since in warm coat and hat. Ah well, we must not complain about the beautiful autumn which we have been enjoying.

Canning is growing to be a very bright little town. The streets were filled with people Saturday night and we felt we really lived in a town. We will be wanting new streets opened up and new houses built presently. There is a grand opening for two dressmakers and a bakery here. These are the real wants in the town. And then there is another want more deeply felt than either of the preceding ones. We want the ram buildings rooted out of the place. It is disgraceful that in a place like Canning run should be sold, filling the bodies of men which should be temples of the living God, with forms of sin and vice. We don't approve of the case of Carrie Nation but we can understand how she may have been led to act as she did in the inactivity and the negligence of men.

Mrs. Charles Smith of Windsor, is visiting her daughter, Mrs. Charles Henesley.
Mr. McKelvie spoke in the Methodist Church Sunday evening on the Sunday School question.
Miss Mary Robbins who, for so many years, carried on dressmaking in Cornwallis, has gone to Berwick to reside with her sister, Mrs. Abram Bailey. Miss Robbins leaves many friends here who are sorry to have her leave them. Our best wishes go with her into her new home.

Mr. Crandall of Wolfville, now has his tailoring establishment well under way and his manager and head work man is a Mr. Layton.

In the Canning notes of last week the word 'store' should have read stores in the sentence "the new platform will extend along the entire length of the store."

Mrs. Stephen Sheffield has returned from a visit to New York.

Mrs. Starr of Windsor, is visiting at the home of Mr. E. M. Beckwith.

The Baptist Church has recently received a much needed coat of paint. Rev. W. N. Hutchins is about to solicit contributions toward the painting of the interior of the building. We hope he may be successful in his project.

Some of the juvenile set in Canning treated themselves to a party or Hallow 'een in the hall of Mr. Baines which some of the young galleons hired for the purpose. We understand that a delightful time was passed.

We are sorry to learn that Mrs. John

Jordan has been and still continues to be quite ill.

Since beginning to write these items we have been informed that Mr. George Blenus is about to set up a bakery here. We feel certain he will have the patronage of the people and will probably meet with success.

Misses Minnie Miller and Maie Morrell have returned from a visit to the home of the latter at Freeport.

Miss Winnie Sterling has returned from Windsor.
Chas Moore left on Wednesday for Boston, Mass.

Thomas Dykens left on Wednesday for Worcester, Mass.

Mr. C. S. Nixon was in Bridgetown last Tuesday on business.

William Mackenzie, in an interview at Montreal, says everything is progressing satisfactorily in south shore matters in Nova Scotia and denies that there is any hitch or that he is having any differences with the government. "It's the first thing I have heard of it," was his parting word, "and I know nothing of it."

Commencing Nov. 1st, the S. S. Boston of the Dominion Atlantic Railway will perform the services between Boston and Yarmouth leaving Boston, Tuesdays and Fridays, and Yarmouth Wednesdays and Saturdays. a. o. s. lie.

On Thursday of last week a very serious stabbing affair took place at Clementsvalle, Digby Co., between Timothy Riley and Jacob Long. Previous to the stabbing Riley quarrelled with his wife, who left him. Attempting to break into the house where his wife had gone, he attracted the attention of Jacob Long, who interfered. Riley stabbed him with a tanner's knife, nearly cutting off his ear and badly cutting his neck and face.

STRAYED HEIFER Found on my premises a two year old white heifer, Ear mark, fork under side right ear, sloping crop under side left ear. Evidently it followed a herd of cattle belonging to Medford from the Grand Pre Dyke.

A report is in circulation in the western part of the province that the D. A. R. intend putting the car used by the smallpox patients at Meteghan into service immediately. The Yarmouth officials have taken the trouble to investigate, and Mr. Giffins, in a letter to the Mayor of Yarmouth, says: "We now have a man engaged at Meteghan with instructions to cut out and destroy the upholstery and everything else in the car except the wood and metal works and then to thoroughly scrape, wash and disinfect the car. After this is done it will be brought to our work shops here where it will again be scraped, washed and fumigated under the direction of our medical officer, Dr. Moore. It will then be re-upholstered, painted and varnished before going into service. No pains will be spared to make the car safe from contagion. Anything else would be a crime."
