## BACKACHE

Is only one of many distressing symptoms which point to the presence womanly diseases. If women thoroughly understood the relation of the local womanly health to the general health, they would understand that

backache, headache, nervousness, sideache, dizziness, faintness and similar feminine ailments, cannot be cured until the womanly health is established. Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. In curing these local diseases, it cures the ailments which they cause; backache, headache, sideache, dizziness, faintness, nerv-ousness, and other ills peculiarly feminine.

of the Trouble for Five Years. Windsor, Ont., Nov. 24.—(Special). It has been acknowledged for some years that Dodd's Kidney Pills would cure any case of Kidney Disease, and of late those interested in medical science have been watching those cures, to convince themselves that they were permanent. Gradually the conviction is forced that Dodd's Kidney Pills cure once and for all. One more proof of this is furnished by John J. McDonald, a well known farmer, now residing at 130 Langlois Ave. Five years ago he was troubled with Rheumatism and Dropsy. For two years he suffered terribly, the different medicines he tried failed to relieve him. His legs were swol-len and the pains he suffered were most acute. He used Dodd's Kidney Pills, was cured, and his cure caused

quite a sensation at the time. Mr. McDonald, speaking of his cure recently, says: I have had no return of my trouble up to the present, and I am not anxious for any. It is with pleasure I acknowledge that Dodd's Kidney Pills cured me. I found them just as represented, and they did for me

The inspector of Mines for Nova Sco-tia, Mr. Neville, says: "Catarrhozone is the best remedy I have ever used, It cured me of Catarrh of the Head and Throat, and I am pleased to re-commend such a satisfactory remedy." Catarrhozone is a safeguard against Colds, Coughs and Catarrh. It can be used while at work, in the church, theatre, or street cars. Simply inhale Catarrhozone and it cures, Ont.

#### QUEER "LINE STORES."

The Dominion of Canada and the United States Government's Suspicions of the Buildings on the Boundary.

What are called "line stores,"

which in many cases are so designated by large signboards, are a wellknown institution along the boundary between Canada and Maine. The Governments of both Canada and the United States look with suspicious eyes upon these stores, and there has been more or less talk of joint action to prevent the erection of any buildings upon the boundary The line stores on the Quebec border are usually built exactly on the boundary line, and are double stores. The boundary line is marked by iron posts, and sometimes a store is built over one of these posts, which protrudes from the middle of the floor. There is a door on each side of the line, with which line the shelves and counters run parallel, and thus there is a Canadian store and an American store, each with its own entrance. Cn the Canadian side are Canadian goods, such as woollens, blankets, dress goods, ready-made clothing, fur coats and robes, carpeting, buttons, sugar and some lines of hardware. On the American side are cotton goods, prints, Yankee notions, tobacco, jewelry, kerosene oil, etc., and farm produce is taken in exchange. The Canadian and the American goods are kept each on their own side, and no attempt is made to conceal the fact that both are there. The Canadian customer can go in at the Canadian door, purchase ian goods on the Canadian side, and ge out again without having crossed

the boundary line at all, and the American customer can do the same on his side; but while the storekeepers keep the two classes of goods separate, they do not ask the customers any question, and they can buy at either counter and make their exit by either door. Stores of this kind are chiefly found on the line between the Province of Quebec and the States of Vermont

and New Hampshire and the northton, spent Saturday and Sunday in the western part of Maine, but they are not unknown on the line that divides northeastern Maine from New Brunstion as teacher here, having accepted wick. They are always a mile, gena situation nearer her home in Peter- erally several miles, from a customs house station. It is related that one man who built a line store took up a boundary post and did not replace He afterwards sold out and movat random by his successor. er. It is a very convenient arran ment for people who don't mind dodging the customs laws. A provincial man can step across the floor bacco, and a Maine man can move across to the New Brunswick side to get some liquor, all under the same Farm produce can be changed from Canadian to United States produce in short order. A manufacturer can get raw material from both Canadian produce can be exchanged for Yankee jewelry or no tions, Canadian woollens into Amer ican cottons, and so on.

Of course, it is not admitted that the line houses were built for smuggling purposes-but they are there, right on the line, and it would be a great relief to the two Governments f they were not there.

Statue of Queen Victoria. The statue of Queen Victoria has peen placed on its pedestal in Queen's Park, Toronto, opposite the east of the Parliament buildings, wing far more than I expected they The monument is a replica of that made by the sculptor Raggi for the city of Hong Kong, and shows the Queen seated in robes of State with the diadem on her head, the sceptre in the right hand and the orb in the left. The arms of the chair are formed of winged lions, above the head is the Imperial crown supported by the ion and unicorn. The back of chark bears symbolic designs, cost of the statue is \$10,000.

The pedestal, which is ten feet high and has been in place for several months, is of Stanstead, Que., granite, and the main or die stone lone weighs over six tens. This stone bears two bronze tablets, one representing the late Queen's first council meeting, the second showing er lying in state previous to burial, and on its front a wreath of laurel entwining the letters V. R., also in bronze. The base of the pedestal thirteen by ten feet.
