# TORONTO'S LOCAL HISTORIAN

Notable Figure in the Early Life of That City Passes Away.

SKETCH OF REV. DR. SCADDING

Clergyman Whose Life Was as a Renediction

of the most notable figures the early life of Toronto and the oldest Anglican clergyman in the diccese passed away recently in the person of Rev. Henry Scadding, D.D., who died at his residence, 6 Trinity square. Dr. Scadding, who would have been 88 years old had he lived until July, had been confined to his room since the middle of January, the trouble being a gradual decay owing to extreme old age. He was sleeping quietly when those who were watching in the room were aroused by the extreme stillness, and upon going to the bedside it was found that the aged minister of the Gospel, and historian, had finished his course and had peacefully passed away. Mrs. Scadding died in 1843, and one daughter, Mrs. Sullivan, and several

grandchildren survive.

John Scadding, the father of the late Rev. Dr. Scadding, came to York in 1793 with Major-General afterwards Governor) Simcoe, having been factor to the latter on his Devonshire estates. In 1796 John Scadding obtained from the Government a grant of the whole of lot No. 15, on the east bank of the lon, consisting of about 250 acres, with a broken front on the lake. In the same year he returned to England with Governor Sinicoe. The late Dr. Scadding was born at Dunk swell, Devoushire, in 1813, and in 1821 joined his parents, who had returned to York. His father died in 1824 from injuries inflicted by the falling

Scadding received his arly education at Upper Canada College, being the head boy of the institution-in the first year of its existence, In 1833 he was appointed King's scholar, which entitled him to a free course at an English univer-sity. He proceeded to St. John's College, Cambridge, where he took a deep interest in the religious and educational movements which were then stirring the best thought of England. Graduating B.A. in 1837, he returned to Canada in 1838, and at once into the activities of country. He became classical master in Upper Canada College, and was the first incumbent of Holy Trinity Church, holding these important posts for over a quarter of a century, until ill-health compelled him to relinquish them. In the mean-(1840) he had pr M.A. degree. In 1852 he revisited

Cambridge and received the degree of D.D., and in 1867 was admitted D.D. omitalis causa) at Oxford. Dr. Scadding was rightly termed historiographer of York, and his labors in that respect have been invaluable. While editor of the Jour-na of the Canadian Institute he contributed in serial form his 'Toronto of Old, or Collections and Recollecof Old, or Conections and Recordings, Illustrative of the Early Settlement of Canadian Life in Ontario," To this class of work he devoted himself with rare industry and enthusiasm. His 'Four Decades of York, Upper Canada,' formed the part of Dent's memorial volume, envitled "Toronto, Past and Pres-(1884). He also edited, with G. M. Adam, another memorial vol-ume in 1891, entitled "Toronto, Old and New-Historical, Descriptive and Pictorial," designed to mark the 100th anniversary of the passing by the British Parliament of the Constitutional Act of 1791. Of his other writings, the best known are: writings, the best known are:
"Shakespeare—the Seer—the Interpreted" (1864); "Truth'e Resurrections" (1865); "The First Bishop of To ronto, a Review and a Study" (1868); "A Memoir of King's Coll., Teronto" (1887); "Early Pioneer Life in Canada" (1887); "Some Lapsed Names in Canadian Local Nomenclature' (1897); "Seneca's Prophecy and Its Fulfillment; a Memorial of A.D. 1897, the 400th Anniversary of the sighting of the northeast coast of North America by John and Sebastain Cabot, sailing under a commission from Henry VII., King of England."

Dr. Scadding from 1870 to 1876 held the presidency of the Canadian Institute. He was the first president of the York Pioneers, and one of the founders of that body. In 1885, in acknowledgment of his literary services, he was awarded the Confederation medal by the Governor-General-in-Council.

In his introduction to the volume,

Toronto, Old and New," Dr. Scadding said: "There ought to be in every county of the province a pioneer and his-torical society, formed for the pur-pose of collecting and preserving characteristic sayings, doings, dress, and demeanor of the first founders of

us. Such societies will occasionally be found convenient settlements and communities amongst found convenient supplements to e ordinary registry office. While the latter preserves its minute record of the division and sub-divisian of the soil and of the transfer of por-tions of its surface from hand to hand, the former will often preserve the memory of men who, by the sweat of their thew, earned the first implement of market value for that soil, who sometimes at an early per-iod became ornaments of the acres which they tilled, gracing their re-spective neighborhoods with charac-ters of high moral excellence and great usefulners, and augmenting the fair fame of the community at large."

It is needless to add that Dr. Scad.

value of his own advice.

The long evening of his life was spent in peaceful retirement. With unimpaired mental faculties, he continued to the tinued to take an active interest in affairs, and to pursue his orngenial studies to the last. In his quaint old home, he had an uncommon ac-cumulation of literary and historical bric-a-brac, including rare specimens of early topography, paintings, en-gravings, etc. He also had a fine numismatic collection He was a patriot of the highest type, among citizens his name is coupled with those expressions of admiration and respect due to one who, through long years, has worked indefatigably for the glory and good of the land of the marle leaf.

#### NICK-NAMES FOR CITIES.

Some Topical Names. Many of our towns have adopted pical names, or have had such ced upon them by a generous and observant public. Most of these require no explanation. A few of the cities and towns, with their supplem entary titles, are as follows: Toronto—The Queen City.

Ottawa-The Capital City. Hamilton-The Ambitious City. London-The Forest City. Kingston-The Limestone City. Brantford-The Telephone City. Windsor-The Frontier City. St. Thomas-The Railway City. Chatham-The Maple City. St. Catharines-The Garden City Guelph-The Royal City. Stratford-The Classic City. Belleville-The Bay City. Woodstock—The Century City.
Peterboro—The Electric City. Galt-Little Manchester. Berlin-The German Town Cornwall-The Factory Town. Goderich-The Salt Town. Brockville-The Island Town Thorold-The Hill Town Goirg further east we have

Montreal—The Royal City.

Quebec—The Rock City and ale the Ancient City.
Halifax—The Garrison City Annapolis-The Bluenose City. Charlottetown-The Island City. Manitoba presents: Winnipeg—The Prairie City. Brandon—The Wheat City.

In the Territories: Calgary—The Cattle City Vancouver-The Pacific City, Iso the Western Liverpool. Victoria—The Capital City New Westminster-The Royal City Nanaimo-The Coal City. Kamloops-The Indian City. Nelson-The City of Destiny. Rossland-The Mining City Greenwood-The Smelter City. New Denver-The American

Sandon-The Canyon City. Kalso-The Lake City. Revelstoke-The Railway City. To this list a dozen other ambi-lous towns might with propriety be added, while the list for Canada ald certainly be incomplete die It fail to include the northermost of population under the flag of Britain: Dayson-The Klondike Capital, or

Slocan-The Baby City

erne.

#### City of Gold. THE BEST HE EVER SAW.

A Missourian on the Farming Possibil

of Western Canada Just at present considerable inter est is being aroused in the fact that few new districts (of limited acre age) are being opened out by the Canadian Government in Saskatch ewan and Assiniboia (Western Canada), and any information concern ing this country is eagerly sought Mr. W. R. Corser, of Higginsville Lafayette Co., Mo., was a delegate there during last summer, and writing of his impressions he says:
"I found surprising yields of grain of all descriptions. One farm visited threshed of 175 acres: "600 bushels of wheat from 15

acres, 40 bushels to acre.

'600' bushels of barley from 10

acres, 60 bushels to acre.

'15,000 bushels of oats from 150 acres, 100 bushels to acre. The samples were all No. 1. "I also saw a considerable numbe of stock. Swine do well and there

is no disease amongst them. are a good source of income to the farmer. The cattle on the range beat anything I ever saw. Fat and ready for beef, fully matured and ripened on the nutritious grasses of the prairie. I am firmly convinced that this country offers better facilities for a poor man than any I have ever seen.

Good Words From Yankeedom. The following is from The Phila delphia Record, and will be read with interest: 'That Canada is developing at a rate which well de serves the attention of the manufaturing interests of this country set forth in a recent report from Consul-General Bittinger at Mont real, who calls especial attention to Canadian progress in railway build-ing. Canada began railway build-ing about the same time that this country did, and, considering comparatively meagre population, has made almost as rapid progress. The United States, with approximately eighty million population, have, in round numbers, 180,000 miles of railroad, while Canada, with five million people, has 17,000 miles. This comparison, it will be seen, is one of which our northern neighbor has no reason to be ashamed. There is every reason to rejoice at this evidence of Canadian pros at this evidence of Canadian pros-perity. In all that pertains to rail-way equipment, from fish-plates to rails and vestibule coaches, our Can-adian cousins (except in a few minor instances) must at present look to the United States as the base of sup-plies. It is, therefore, with a re-doubled fervor, founded upon self-in-terest, as well as upon neighborly terest, as well as upon neighborly feeling, that this country will wish Canada continued success in the continued success

ladebteduess to Dodd's Kidney Pills Acknow.edged by Thomas St. Pierre.

Health Entirely Re established by Doids Koney Pils-Another Triumph for that Wonderful Remedy-His Eyesigh Has Been 5 rengthened.

St. Epi, Que., June 28 .- (Special) .-One year ago, a miracle was announced in Chicago. R. A. Wade, the Ireat criminal lawyer, regained his sight, after having for years been totally blind. His case was published throughout the length and breadth of America, and it attracted more at-tention to Dodd's Kidney Pills than any medicine ever got before. For it was Dodd's Kidney Pills that restored

his sight. A similar case has turned up in the village of St. Epi, Que. Though this sufferer was not stone blind, his eyes nevertheless were utterly useless to him by lamplight, And they have been completely restored by Dodd's Kidney Pills, which is another point of simi-

There is no attempt made to assert Dodd's Kidney Pills are a cure for blindness. Dodd's kidney pills are the greatest kidney medicine ever known. That is the claim made for Dodd's Kidney Pills, and there is evidence to the control of th dence enough to prove that claim. But in cases where Kidney Disease has left in cases where Kloney Disease has left poisons in the blood, and the said pois-ons, attacking the weakest spot, in-jure the eye, Dodd's Kidney Pills are just as infallible as where the poison attacks the joint of the arm or small of the back. That the eyesight of Mr. Thomas St. Pierre was restored, is but another argument that Dodd's Kidney Pills make the blood absolutely pure. Here is Mr. St. Pierre's letter ... "I Here is Mr. St. Pierre's letter am happy to-day to see my health en-tirely reestablished by Dodd's Kidney

Pills. I owe that wonderful remedy a thousand thanks. Before using Bodd's Kidney Pills I had consulted many physicians and taken medicines of various kinds, but each made me worse. I had a constant pain in the back and limbs. At night I couldn't rest and I could not see by lamplight. Having taken only two boxes of Dodd's Kidney Pills I am perfectly cured My eyesight is clear. I advise all those whose health is not good, from whatever cause, to try Dodd's Kidney Pills. Nine times out of ten they will be exactly what is wanted. Two dollars spent for Dodd's Kidney Pills will do more than millions spent other-wise, for who holds anything in the world more dear than health, or who would spare any means to save

CANADIAN CRICKETERS. Philadelphia, June 28.—The Canadian cricketers, who reached here yesterday, began a two-days' match with the Belmont eleven at Elmwood, this city, to-day. The Canadian eleven is Captained by Maj. C. C. Straubenzie, of Kingston, while the Belmont team's captain is C. Coates, The weather was clear and werm and the crease was in first class condition when play began, shortly before

The Canadians won the toss, and elected to bat first. Capt. Straubenzie sent H. S. Logan and H. Louns-brough to bat. King had the ball for Belmont. King bowled in fine form, and the wickets fell like ten pins. When stumps were drawn for lunch the Canadians had scored 63 runs for the loss of five wickets.

The Gordon-McKay Cricket Club of Toronto, plays the local team on Fri-day, July 5th. It plays in Detreit on the 3rd and 4th.

Manager Peter McCaulay, of the Chatham Mfg. Co., basebail team, is trying to arrange games with Tilbury and Wallaceburg for the First of July, but has not been able to make connections as yet. The team is open for all games with teams from surrounding

# Holiday Outing Wear

On Monday the Canadian people will fling work aside and go out to enjoy in its prime the beauty of one of the loveliest lands in the circle of the summer world. Inspiring, is it not, to think of all the stately scenes-wide landscapes, mountain cones, quiet river reaches and horizon breadths of inland seas-that will satisfy the eyes of beauty-loving men and women from the eastern to the western ocean.

In no part of the land does nature call with more alluring persuasions than in this Western region of Ontario, the acknowledged garden of the Dominion. We have taken it for granted that every man wants bright, correct new furnishings for the holiday to give him the pleasant sense of being equipped "just right" for picnic, excursion party or whatever the social pleasure of the day

In brief, everything you may want is

# DUCTORS BAFFLED

BY THE CASE OF MRS. HARRISON

OF ORANGEVILLE. the Was Completely Run Down-

Racked With Pains in the Back,

ing in Good Health. From the Sun, Orangevile, Ont. Many cases are constantly being brought to light of persons being cured by that wonderful remedy—Dr. Williams' Pink Pills-after doctors Williams' Pink Pills—after doctors have failed to be of benefit. Among them may be noted the case of Mrs. Benjiman Harrison, a well-known lady who resides in the mear vicinity of Orangeville, Ont. A reporter of the Sun, hearing of Mrs Harrison's wonderful cure called at her home to inquire into the facts of the case. Mrs. Harrison said she was pleased Mrs .Harrison said she was pleased on Monday. to be able to testify to the curative powers of these pills. She said: "For some years I have been a constant sufferer. Just what to call my disease, Ido not know; even the doctors were unable to diagnose it. was completely run down, I had racking pains in my head, back and limbs. I was unable to secure sound sleep, and on arising in the morning would feel as tired as before going to

bed. My stomach was in a bad condition and the least movement caused my heart to palpitate violently. Doctors treatment failed to be of benefit to me and I was in a very discouraged state when a friend addiscouraged state when a friend advised me to try Dr. Williams' Pink
Pills. Thinking that they might relieve me a little I procured a supply and began taking them according to directions. From the first I could see that they were helping me, and by the time I had taken half a dozen boxes I was free from the ailmenting that had made my life miserable. is now several years since I took the pills and not the least sign of my old trouble has since shown itself. I would strongly urge the use of Dr. Williams' Pink iPlls for any person who has a weak or run down system and I am sure they will not fail to b

beneficial." To those who are weak tired, nervous, or whose blood is out of condition, Dr. Williams' Pink Pills come as a blessing, curing them all other medicines fail and restoring those who give them a fair trial to a full measure of health and strength. Sold by all dealers in medicine or sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by ad-dressing Dr. Williams Medicine dressing Dr. Will Co., Brockville, Ont.
