**SHORTAGE OF HOUSES**  
A number of our citizens are endeavoring to secure houses to rent, but they inform us that it is absolutely impossible for them to do so. This is a bad condition for our town to be in, as we cannot induce new inhabitants to come to our town when it is impossible for them to secure a house. A progressive housing scheme would be a good investment for those who are financially able to put one into operation.

## Joy And Gladness For The Baby

Every child—whether it be poor or rich is entitled to joy and gladness. Health is the birthright of all and there is absolutely no doubt that the healthy baby is a happy baby. It is the baby's nature to be happy—not cross. Only the sickly baby is cross. The well child is a joy to the home—it is a laughing, gurgling, happy little piece of humanity which drives dull care from the household. The sickly baby is the opposite—he is cross and peevish; cries a great deal and is a source of constant worry to the mother. But mothers there is no need of your little one being sickly. Regulate his baby's bowels and sweeten his stomach with a gentle but thorough laxative and baby will soon be well and happy again. Thousands of mothers have proved this through their use of Baby's Own Tablets—there is a smile in every dose of the Tablets. Give them to your baby and make him happy. The Tablets are sold by medicine-dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.
