Prof Signor Emilio

Has again returned to Goderich for a few days only. Patients whose cases came early as my time is short. The celebrated CHIROPODIST of the age, formerly of Florence, Italy, at BRITISH EXCHANGE HOTEL, Room No. 13. BE SURE AND COME EARLY.

Prof. Emilio has been in the profession all his life and during his long practice he has discovered some of the grandest secrets unknown to the world. He is prepared to show his skill in the treatment and cure of hard and soft corns, bunions, warts, birthmarks, chilblains, moles, and all defects of the hands and feet, and all ingrowing toenails, and all other painful methods use Prof. Emilio is prepared to cure all who are afflicted with any of the above defects. He has said that there is no cure for corns or bunions, but all I ask is a trial and I will convince the most skeptical person on earth that the above mentioned defects can be cured, as I prove by no alluring advertisements, no false professions or bogus certificates, but by the demonstrations of hundreds of people of this continent and as a better proof, he change until cure is effected. No quackery stands chance with me. I face all and fear none. Patients treated at their residence desired. Consultation free.

Farmers, Take My Advice,

For once and do not be deluded by those Tea Pedlars, that go through the country pressing you to buy their trashy stuff. They are here today and away tomorrow, but buy from us that will stand by you and will do what is right and honest, and will take your produce in exchange. We import our teas from head quarters and are not under heavy expenses keeping agents caroling tea through the country, for this reason.

I CAN GIVE YOU

A good 40c. Japan Tea at 25 cts. A good 40c. Young Hyson at 25 cts. A good 40c. Black Tea at 25 cts. A good 60c. Japan Tea at 50 cts. A good 60c. Young Hyson at 50 cts. A good 60c. Black Tea at 50 cts.
