Blacking & Mercantile Co.'y, Ltd., Amherst, N.S.
Dear Sirs,—We have nothing but good to say of Mathieu's Syrup and can conscientiously describe it as the most popular and successful Cough Medicine we handle. Owing to the absence of any drug store in this vicinity there is a great variety of proprietary medicine sold in the course of the year, and Mathieu's Syrup pre-eminently leads in its own class. Yours sincerely,
D. MARTIN.

Girls Who Work in Factories.

Editor Evening Telegram.
Dear Sir,—In the Plaindealer issue of to-day I had my attention drawn to an article entitled "Girls who work in factories."

Now, while I am not connected with the factory referred to and am in sympathy with the workers who are striving for justice and fair treatment, I think that the writer of above article has either been misinformed or not taken the trouble to enquire fully into the subject before bringing the matter before the public. He says that men's pants cost 8 cents per pair to make, whereas this is only the amount paid for sewing together, and does not include cutting, pressing, buttonholes and trimmings. I should also like to ask the writer to explain more fully how the factories have a protective duty of 45 per cent, when I am told they pay duty of 35 per cent, on material and also full duty on everything used for manufacturing, machinery included.

Perhaps at the same time he might throw the "limelight" on an advt. in this week's issue which offers shirts at 35c. each and suits at \$3.50, and tell us how much the hands are paid for making these.

Thanking you to publish the above,
Yours truly,
WORKMAN.

Courage.

(By Paul Neuman, in the 'Spectator,' London.)

She has no need of sword or spear,
She shelters in no guarded place,
She watches danger drawing near,
And fronts it with a smiling face.

Not hers the dull, unseeing eye,
Blind fury, and the lust of blood,
Across her soul no tempests fly,
No passions surge in angry flood.

But clear as that great dome above,
Which frames the sun and hides the star,
And quiet as the words of Love
The motions of her spirit are.

And ever following in her train
Come two glad figures fair as she,
One with his foot on vanquished pain,
And one the foe of tyranny.

Where'er the sons of men are found,
And hearts aspire and deeds are done,
There Courage walks on holy ground
With joy attained and Freedom won.

Rhodes Scholars in Many Lines

London, Feb. 2.—What becomes of young men who enjoy the Oxford scholarships that the late Cecil Rhodes, the "uncrowned King of Africa," provided? has often been asked. This week the answer came in the shape of an official publication of the careers of two hundred and fifty of these graduates, men who left Oxford between nineteen hundred and six and nineteen hundred and ten.

Of this total eighty-four took up educational work, sixty-six are lawyers, nineteen went into various kinds of religious work, thirteen into the German civil service, eleven are doctors of medicine, nine are classed as scientists, eight went into business, five into journalism, five into mining and engineering, three into agriculture, three in the German diplomatic service and two in the diplomatic service of the United States.

Railway Leaders Are Colonels Now.

Ottawa, Feb. 2.—Sir Wm. Mackenzie, Sir Donald Mann, Sir Thomas Shaughnessy, C. M. Hays, and Hon. Frank Cochrane have had new honors heaped upon them. They have become honorary lieutenant colonels in Hon. Sam Hughes' forces. The reason is that they have consented to become members of the Minister of Militia's new Advisory Council on transportation and mobilization.

Col. Hughes in carrying out his reorganization of the Department is arranging for various Advisory Councils on the different branches of Military organization. The heads of the three big railway companies and the Minister of Railways have been requisitioned for the transportation and of the Minister's advisers.

She Found the Secret of Youth.

DODD'S KIDNEY PILLS MADE HER A NEW WOMAN.

Mrs. Tremblay, sixty-one years of age, finds a cure for Headaches, Sleeplessness and Kidney Troubles in Dodd's Kidney Pills.

Allen's Mill, Portneuf Co., Quebec, Feb'y 9 (Special).—That years do not make a person old if perfect health is that person's portion is shown in the case of Mrs. Eustache Tremblay of this place.

"I am a new woman. Dodd's Kidney Pills did it," Mrs. Tremblay explains. "Yes, am sixty-one years old. But now that the headaches, from which I suffered, are gone, my Kidney trouble has disappeared and I can sleep at night, I do not feel my age. Yes, it was Dodd's Kidney Pills and nothing else that took away my pains and aches and made me a new woman."

Perfect health means perpetual youth. And perfect health can only be obtained by keeping the main-spring of health, the Kidneys, in order. The one sure way to do this is to use the old reliable Kidney cure, Dodd's Kidney Pills. It never fails.

Hr. Grace Notes.

Owing to the slight accident at the Power House, and the poor electric lights last night, the play "Among the Breakers" had to be postponed till to-night. A large number of people were at the hall, and went home disappointed.

A couple of carmen were before the Court yesterday charged by the police with driving their horses on the sidewalks. They were convicted before Judge Oke and fined \$2.50 each with costs. The centre of the street is in many cases in a rather poor condition, but still the sidewalks must be reserved for the protection of pedestrians.

Chang Lee has not returned from St. John's yet, so if your collar is not spotlessly clean your friends will excuse you—but blame Chang.

It is rumored about town that a couple of young men are arranging to open a bakery here. We see no reason why such a venture would not prove a most profitable business, and if the report is correct we wish them much success.

Mr. Richard Mercer, son of Mr. Thomas Mercer, an employee of Archibald Bros., passed away yesterday morning at 11 o'clock after a long illness of that much dreaded disease, consumption. In May last it was seen that this disease was weakening him and his friends had a small tent placed on the hill to the rear of his home where the young man lived all the summer and late up in the fall, with the hope that the fresh air treatment would cure him. At first he appeared to improve, but the disease had made too much headway, and it was soon apparent to his friends that he could not recover. He was also an employee of the Archibald Bros. for several years. He was 23 years of age, and his parents and friends have the sympathy of the citizens.

The Woman Who Owned Niagara.

Dr. Farquharson, ex-M.P., in his "Recollections" refers amusingly to his once having said in the House of Commons that he owned a mountain. Claudius Clear in The British Weekly caps that story. His friends, Geo. Forbes, F.R.S., who had the chief part in harnessing Niagara, tells that once a Miss Porter was travelling in Europe, and at the table d'hôte her neighbor said, "Oh, if you are an American, I suppose you have seen Niagara Falls." She turned to her inquirer, and, fixing him with her eyes she said, "I own them!" That was an answer indeed. The Porter family long owned most of the property about Niagara.—Westminster Gazette.

\$25 in GOLD Given Away

It is a great "QUEEN LINIMENT COMPETITION" open to every Man, Woman and Child in Newfoundland. On the 1st of March, 1912, will be given away to the Four or more successful winners of this competition the sum of \$25.00 in Gold.
We have on exhibition in the window of our Medical Hall, Theatre Hill, a rectangular box having an inside space as follows: length, 8 inches; breadth, 4 inches; height, 3 inches. This box is filled with Antibilious Pills of about the size of a pea.
The competition is to guess as near as possible the number of pills contained in the box. The person guessing the exact number, or the nearest number of pills in the box, will receive for the first prize \$10.00; second prize, \$5.00; third and fourth prizes, \$2.50 each.
In the event of two or more persons guessing the same number, the amount of the prize will be proportionately divided amongst the successful winners. That rule will apply to all prize winners. Every person purchasing a bottle of our "QUEEN OF LINIMENTS," whether in the city or outport towns, and mailing us the outside green wrapper of bottle, with the number of guess, together with their name and address, will have a chance of winning the grand prize.
If outport competitors who are unable to obtain this Liniment in their town will mail us Twenty Cents in Stamps, together with number of guess, name and address in full, we will forward post paid by return mail a bottle of our "QUEEN OF LINIMENTS," but with the outside wrapper removed and retained by us, as a pledge of purchase, and a due record kept of that fact. The person forwarding us the greatest number of the outside green wrappers of bottle together with their name and address will not only receive an additional prize of \$5.00, but will have a chance of winning some other prizes as well. If they send a guessing number with each accompanying wrapper.
This competition will close on the 1st day of March, 1912, at 12 o'clock noon. Estimates after that date and hour will not be considered.
On the same date the box will be opened by two reliable and competent judges, who will carefully count the number of pills, and make the awards to the successful competitors.
STAFFORD'S "QUEEN OF LINIMENTS" is one of the most perfect and penetrating Liniments that can be purchased in Newfoundland, and it ought to be in every household. Once used always used.
