**KNOX Marine Motors.**  
THIS ENGINE is made in Camden, Maine, U. S. A. especially for fishing purposes along the coast of Maine. It is the one which has given the best results for fishing purposes obtainable. It is noted for its simplicity. Any person can operate it when once instructed. It will run with gasoline or kerosene. This cut represents 7 1/2 h. p. single cylinder. Make & Break Knox. Compare the description of its power with any other engine and you will find it beats most of them 25 per cent.  
Note: Revolutions per minute 500  
Bore.....5 1/2 in.  
Stroke.....6 1/2 in.  
Weight of Motor.....500 lbs.  
J. LeDREW & SONS have accepted the Agency for this Engine and intend to establish a branch business at Harbor Grace, where Motors will be installed and purchasers will receive instructions, be taught to run the Engines and where all parts for repairs will be kept on hand. The principal of this concern, W. R. LeDrew, is going through a course of training in the Camden Anchor-Rockland Machine Co.'s Factory. Any person wishing to order one or more of these Engines would do well to send in their order so that W. R. LeDrew will see them tested, packed and shipped, as he wants to make up a car load so as to save freight. For Catalogues, Price Lists, etc., apply to

**REID NEWFOUNDLAND COMPANY.**

Is your house really lighted from top to bottom or do you still have to take a candle or lamp when you go to the attic or cellar at night? A great many people who have electricity in the rest of the house have no light in the cellar or attic because it is seldom needed; but, when you do need it, you need it badly.  
One Incandescent Lamp set in a Holophane Reflector will give sufficient light for the darkest cellar or attic. Holophane Reflectors are especially adapted to lighting places of this sort as they control the light rays so that every ray is utilized. Wouldn't it be a convenience if you could turn a switch and light your cellar or attic before entering? That means an end to dangerous matches and flames—it means that you no longer need stumble against misplaced boxes and bark your shins in the dark.  
We would like to tell you more about electric lighting and more about the wonderful light-saving Holophane Reflectors. May we send a representative to see you?

Baking at home is worth while  
when gratifying results like this can be obtained at little cost of time and money, with  
**"Paisley Flour"**  
The SURE raising powder.  
The method is to mix dry one part "Paisley Flour" with six to eight parts ordinary flour.  
Home baking by this method can be successfully acquired with very little practice, and everything is so light and well-raised that it can be eaten new without fear of indigestion.  
Paisley Flour is sold in 22c., 14c., and 5c. tins. The 5c. tin will raise one pound of flour; the 14c. tin 3 1/2 pounds.
