MONTREAL, Jan. 21.—Mrs. Bordson, of Hochelaga, is dead aged 102. Until day or two before her death, she had never had a real illness in her life.

LONDON, Jan. 21.—The Daily Telegraph's Constantinople correspondent states that a well informed diplomatist said:—We are marching rapidly toward peace, which will be signed within ten days.

MEXICO CITY, Jan. 21.—A hundred federals were cut to pieces by rebels near Atencingo yesterday. The survivors, who have straggled into the city of Puebla, gave brief details of the attack. They said the federals were greatly outnumbered.

WASHINGTON, Jan. 21.—Disquieting reports as to the grave situation in Vera Cruz, to-day, caused the State Department officials to seriously consider detaching a warship from the first division of the Atlantic fleet to Guantanamo, for immediate duty. If no re-assuring news comes, this may be done.

NEW YORK, Jan. 21.—Whilst cattle freeze to death in the West, the first straw hat is out in New Jersey. Traffic is blocked by snow in Chicago, but falls are holding up in this State. The thermometer yesterday was 70 degrees. January records for thirteen years have been broken. There is not a particle of ice on the River.

LONDON, Jan. 21.—In diplomatic circles there is little doubt that the solution of the Balkan problems will soon be reached, and will be in accord with the wishes of the Powers. The next meeting of the ambassadors and Sir Edward Grey, takes place here to-morrow, when the French and Russian ambassadors, who are visiting King George at Windsor Castle, will have returned.

PARIS, Jan. 21.—Aristide Briand, the new French Premier, has completed his cabinet, and went to the Elysee this morning to submit the names. They are: Premier and Minister of the Interior, Aristide Briand; Justice, Jean Bartou; Foreign Affairs, Charles A. Jonart; War, Eugene Lienne; Marine, Pierre Baudin; Finance, Louis Klotz; Public Instruction, Jules Steeg; Public Works, Jean Dupuy; Agriculture, Jean Morel; Commerce, Fernand David; Colonies, Gabriel Guystau; Labour, Rene Besnard.

LONDON, Jan. 21.—There are dark rumors about London as to what the suffragettes intend to do when, as they fear, Sir Edward Grey's amendment to the Franchise Bill giving votes to women, may be defeated on Friday. Dislocation of electric street cars by tampering with underground conduits, and the wholesale dislocation of telephones are the mildest retaliatory actions hinted at. Scotland Yard is anxious over the situation. Unparalleled precautions are being made, and it is said the lives of Government members may be

threatened. Although the leaders do not sanction murder, it is pointed out that the peril lies in the individual action of hysterical women who profess themselves ready to die for the cause. Every Cabinet member is closely guarded, to the extent of irritating personal surveillance. What has been done before is mere child's play to what is to come, is the lurid threat of the militants. The Franchise Bill is engrossing attention of politicians to the exclusion of the Welsh Disestablishment Bill, which will continue to be under debate in the Commons until Wednesday next, inclusive.

Foxy Customer.

One day last week a woman came to the shoemaker's shop of Mr. Jeremiah Healey, on Hutchings Street, and left her husband's boots, worth about \$2, to be repaired. A few days afterwards the owner of the boots came for them, but Mr. Healey was absent and Mrs. Healey was asked by the customer for them. She could not tell him if the repairs to his boots were done and asked the man to look through the shop for them. This he did and identified a \$5 pair of "Victory" left by another customer as his. Mrs. Healey believed the man, and when he paid for the repairs gave the footwear to him. Soon after her husband returned and the mistake was discovered, but who the party was that called for the boots Mr. H. does not know. When the owner of the Victory called he had to be supplied with a new pair, and Mr. H. is considerably out of pocket on the transaction.

Badly Bruised.

As Mr. Rd. Galgay, of Galgay's Range was passing up Water St. at the foot of Hutchings Street at 5.30 p.m. yesterday, two youngsters coming over the latter thoroughfare on a sled collided with him and he fell heavily to the ground. The man appeared to be seriously hurt and declared his leg was broken. He was brought to Mr. Peter O'Mara's surgery where a doctor was called and on examination found no fracture. The leg, however, was badly bruised and swollen, and after being treated the man was driven home.

Let Us All Test.

THE VALUE OF ADVERTISING TO-DAY!

There are Thirty Thousand of us reading this paper to-day. We have all got to spend a certain amount of money during the next twenty-four hours. Here are a lot of advertisers in this paper who claim they can save us money. Now let us put them to the test. Let us look through the advertising in this paper for the things we are going to buy. Let us see what stores are advertising those things and what inducements they are offering for our trade. Then when we go down-town let us go direct to such stores and say to the sales person: "I see by the Evening Telegram you are advertising this article at such and such a price. Please let me see it."

In that way we shall put each other directly to the test and we shall tell every one of these stores (big and little) that we know they are taking their advertising at face value. You will find that the advertising in this paper covers practically every possible need you have. If you want shoes, look up all the advertisements on shoes. See just what values are being offered and go after those values. If you want coats or suits or furs, look up the advertisements along these lines and check up the values that are being offered. You will probably find some amazing bargains in this paper to-day. If you want pianos or furniture or other household goods look up all the advertisements along these lines because here especially your savings can be very large. And whatever else you do please mention definitely that you have read the advertising in this paper and that you are making a test of that advertising with relation to the money you can save.

Doing it in this way will have two results. First it will show the merchant that you are keenly alive to what he is advertising; and second it may help you to get even better values than you expected. For every merchant is more eager to have his advertising pay, and to prove to you that your reading it has been worth while. Now let us all, the whole Thirty Thousand of us, try this plan for one day and see how well it works out.

Wounded Seaman Recovered.
The foreign sailor who had been undergoing treatment for a bullet wound at the General Hospital, was discharged from there a few days ago. It may be remembered this man created a sensation on Water Street last fall when he entered an uptown hardware store, purchased a revolver and on the spur of the moment shot himself in the foot. Immediately the sailor was taken into police custody. He confessed to the rash act and gave as his reason that he was shipped, on board the schr. Canada, the captain of which he was not on good terms with, and did not want to go to sea with him. The sailor's story satisfied the police and he was subsequently removed to Hospital. The wound he received is now healed and his foot does not show signs of having been seriously injured.

Hockey Season Opens.

Crescents vs. Victorias --- Last Year's Champions Win by 7 Goals to 6.

The initial League Hockey match for the season was played at the Prince's Rink last night in the presence of hundreds of spectators. The opposing teams were the Crescents and Victorias. The players served up a pretty "hot dish" to the on-lookers and after

A Hard Struggle
The honours went in favour of last year's champions. The game, which had been much talked of, was previously arranged for Monday night, but owing to the mildness of the atmosphere had to be postponed. Yesterday "Jack Frost" was again conspicuous by his absence and it was thought a further postponement would be necessary, but "Skipper Frank" kept the ice well broken up.

Presented an Excellent Sheet
to the hockeyists last night, so that all things considered the game came off under favourable circumstances. The exhibition was fast, exciting and interesting and much enthusiasm was manifested throughout, particularly amongst the supporters of either team and the keenest rivalry existed between the players. Precisely at 7.30 the fourteen puck-chasers entered the arena in their respective uniforms. The personnel of both sides were:—

Crescents.	Goal	Victorias.
Thomas	goal	Quick
G. Herder	point	Morison
Joy	cover	Ford
R. Stick	rover.	Tobin
Rennie	centre.	Lilly
R. Herder	left.	Shortall
L. Stick	right.	Brien

FIRST HALF.

At 7.37 play opened and at a lively pace. The Crescents started the attack, the Stick brothers shining, and forced their way to their opponents territory but were frustrated by Morison who gave a clever exhibition of stick handling; he brought the puck well down the ice, only to lose to Gus Herder who made one of his old-time goals. Then Shortall made a splendid run, passed all opponents, but by good judgment the Crescent goal tender ran out and a mix-up followed but no scoring was done. Ralph Herder sending the disc clear of the danger zone. Meanwhile Jack Tobia and Gus Herder were caught by Referee Higgins having a little game of their own contrary to the rules of hockey etiquette, and they were despatched to the penalty box for two minutes. Play then became fast and furious. The Crescents had the best of it and "Len" Stick after a neat bit of play, landed the rubber band Quick, drawing first blood for his team and scoring the first goal for the season.

Crescents, 1.
This enlivened the Victorias who put forward every ounce of steam to equalize while their opponents were determined to add to their score. The applause from the spectators was loud and long and excitement and enthusiasm vied with each other. The Vics forward line combined well and made a pretty run. Brien centered to Shortall who in turn passed to Tobin, the latter sent a scorcher to Thomas which he proved equal for and cleared admirably. The Crescents put vim into their work and for a couple of minutes kept their opponents busy defending. Tobin and Ford infringed and were sent to the "pen" for four and two minutes, respectively. The Vics were then handicapped which the semi-circle men saw to their advantage and inside of a minute notched up their second goal through Rennie.

Crescents, 2.
Scarcely was the puck centred when Joy who grew "lovely" captured the puck and skating rapidly up the side of the rink landed the disc in the meshes scoring the third goal for his team.

Crescents, 3.
On resumption of play the Vics, though suffering defeat, were not discouraged and appeared to do better. After getting in some effective work Shortall sent a clever shot to Thomas who was unable to save it.

Victorias, 1.
After this play was evenly divided. Tobin and Rennie were each penalized for three minutes. The Vics made several splendid dashes but their efforts proved futile, their shooting being poor. Just before half time L. Stick scored another goal for the Crescents, followed by Ford of the Vics, who sent the rubber band behind Thomas. The score then stood.

Crescents, 4; Victorias, 2.
SECOND SPASM.
On resumption of play the Vics worked with renewed energy. Their forward line combined well and inside of ten minutes, Brien, Lilly and Shortall scored a goal each.

Victorias, 3.
The spectators were then in their element. The Crescents appeared to have fallen to pieces while their opponents worked harder than ever and the Crescents had all they could do to prevent them from scoring. A wave of roughness found its way into the game and the guilty ones were quietly escorted to reserved seats in the wilderness. Following this every player on the ice worked like trojans. Herder and Morison, the points, displayed some pretty individual play and helped their teams materially. Soon after the Vics stirred up and Shortall, through a well directed shot, sent the puck in the twines.

Victorias, 6.
Excitement then ran high and a fast exhibition of hockey was witnessed. R. Herder captured the disc at mid-rink and controlling it well centred it to L. Stick who sent it beyond Quick.

Crescents, 5.
When the teams faced each other again Herder repeated the trick.

Crescents, 6.
The scores were then equal and it was anybody's game. The time-keepers were getting ready to call full time when Rennie, the Crescents' centre

man, saw an opening and beat Quick for the last time.

Crescents, 7.
On resuming the players of both sides seemed to have exhausted all their steam. Nothing further of a brilliant nature occurred and the final whistle sounded giving the Crescents the victory after a hard fight.

Mr. W. J. Higgins acted as referee. Timekeepers—Messrs. N. J. Vinnicombe and W. McKenzie.

SUMMARY OF GOALS.
First Half: 1. L. Stick (C.), 8 mins.; 2. Rennie (C.), 15 mins.; 3. Joy (C.), 17½ mins.; 4. Shortall (V.), 19 mins.; 4. L. Stick (C.), 24 mins.; 2. Ford (V.), 25 mins.

NOTES ON THE GAME.
A fast game and a good attendance. A few of the players showed marked on their faces as a result. Brien got knocked out but he played well. Shortall was a surprise. Tobin, Ford and Morison were excellent.

For the winners the Herder brothers, as per usual, starred. The Stick brothers showed that they can use the "stick" well. Joy, for his first time, was splendid. The next game between the Fieldians and St. Bon's is set down for Thursday night.
