## Introducing "SUPERTWIST"

### The Goodyear Tire & Rubber Co.

A 100 Million Dollar Corporation, the largest producers of Tires in the world, offers you, their new Supertwist Cord, at Bargain prices, Plus service. SUPERTWIST is the elastic new cord fabric developed in Goodyear's own cotton mills. It was developed specifically to give balloon tires greater mileage. It does this because it out-s-t-r-e-t-c-h-e-s any other cord design—yields to the blows of the road without breaking.

So excellent were the results obtained with SUPERTWIST in Goodyear Balloons that it is now used in all Goodyear Cord Tires.

The popular Goodyear All Weather Tread, in the new Supertwist Cord, is now priced as follows:

31 x 4	23.00
32 x 4	24.00
33 x 4	25.00
34 x 4	26.00
32 x 4 1/2	30.00
33 x 4 1/2	31.00
34 x 4 1/2	32.00
35 x 4 1/2	34.00
33 x 5	45.00

Balloon, Truck Tires, and Heavy Duty Red Tubes at correspondingly low prices. All fresh 1925 stock.

The prices quoted are possible only because Goodyears have the largest sale of any tire in the world and are sold all over the world. Goodyear buys raw materials in huge quantities—and gets the lowest prices. Goodyear, through its branches in every part of the world, knows when to buy. Goodyear has lowest overhead costs because they are spread over millions of tires. Goodyear factories operate day and night, further reducing manufacturing costs. Goodyear gets the pick of tire builders because their jobs with Goodyear are full-time, steady jobs.

### Britain's King and Queen

SPEND THEIR FIRST EVENING AT A PICTURE SHOW.

The King and Queen just spent their first evening in a picture palace recently. For several years past the Royal Family has interested itself in the movies, and command performances have been given at Balmoral and elsewhere in private rooms specially fitted up for the occasion with a small screen, a portable projector and an orchestra composed of a piano and a few strings. The Prince of Wales has sponsored the British cinema as patron, star and spectator in one. The King and Queen have played their parts in a hundred capitals.

But for the first time their Majesties attended a public performance in a picture-house and sat amongst the audience in a box cunningly constructed with anterooms and connecting passages from the back rows of the stalls.

A film reproduction of the attack on Zeebrugge in 1918, made with great care and vigor by a British company and fully approved by the Admiralty, was the core of the entertainment, and there followed an animated cartoon of Bonzo, the study dog, and a number of scenes of the arrival of the King and Queen at the theatre just one hour and thirty minutes earlier.

The best seats, according to the custom of the movies, being placed as far as possible from the screen, their Majesties enjoyed for at least one evening of their lives an undisturbed and unaccustomed view of the Englishman's back registering pleasure in seats which cost a guinea apiece and which could have been sold a dozen times over before the performance began.

"Zeebrugge" will be shown at the Nickel Theatre Monday, June 15th.

### Woman Reveals Past to Save Another

A woman revealing her own past, having to the world a secret which robbed her of her good name and imperiled her future, all for the sake of another woman.

That is one of the powerful dramatic situations in First National's "The Woman on the Jury," which is coming to the Star Theatre Monday. It is based on Bernard K. Burns' Broadway success, and was directed by Harry O. Hoyt.

Sylvia Breamer plays the part of the woman who braved the scorn of the world for another, Bessie Love playing the latter part. Both had been the victims of George Wayne (Law Cody), a "cheater of women" who cast aside his conquests when he had tired of them. One of the women had taken the repulse calmly; the other facing a serious situation, had brought about a tragic climax to her love adventure.

Fate placed a woman on the jury which was to try her for murder—and that woman was the only person in the world who could save her. How she accomplished this forms an episode of high dramatic power.

In addition to those named, the cast of "The Woman on the Jury" consists of Frank Mayo, Mary Carr, Hobart Bosworth, Myrtle Stedman, Henry B. Walthall, Rob Stewart, Jean Hersholt, Ford Sterling, Arthur Lubin, Stanton Heck, Fred Warren, Arthur S. Hull, Kewpie King, J. Edward Davis and Leo White.

### "A Woman Who Sinned."

Finis Fox's hitherto untold tale of the metropolis—the wickedest city in the world—projecting in terms of terrific drama the life of New York as hundreds of thousands are living to-day.

Fox used twenty-five hundred persons in the big revival scenes, utilizing two of the big stages at the Hollywood studios. See it at the MAJESTIC Monday, June 8, 11
