SATURDAY EVEG, SEPTEMBER 14.

HURRAH FOR SOUTH WATERLOO!

"POOR" COWAN DEFEATED.

The Coalitionist candidate for excellence for South Waterloo has been most unmercifully beaten. "Poor" Cowan has been elected to stay at home. Thus may it ever be with such base deserters from principle as Mr. Cowan has proved himself to be. Mr. Cowan was for many years a consistent Reformer, whose public character was unblemished, and who, until his sudden conversion to coalition principles, retained the confidence of the Reformers of South Waterloo. But his extraordinary conduct at the second Doon Convention, when he repudiated everything he had said in regard to the Coalition at the first Convention, opened the eyes of the Reformers, and afforded them unmistakable proof that Mr. Cowan had been tampered with, that he had sold himself to Macdougall, and that he was no longer to be trusted. They at once rejected him, and in his place brought out Mr. James Young, a young politician compared with Mr. Cowan, without half the influence that Mr. Cowan exercised, but possessed of great ability, untiring energy, and above all the recommendation of a good cause. The contest was entered into with spirit on both sides. Mr. Cowan, frightened at the opposition he had raised against himself, induced several members of the government to come to his assistance, which they readily did, and they left no means untried to gain over the Riding to the coalition side. It was no use. The electors of South Waterloo had too much independence, and too much discernment to be cajoled by promises or frightened by threats. The returns we publish below show that they are thoroughly disgusted with the coalition, and with its most obnoxious tool, Mr. Cowan, who has been left at home to ruminate over his defeat, and to suffer the punishment that sooner or later is meted out to those who swerve from the straight path.

South Wellington greets the Reformers of South Waterloo, and congratulates them on the splendid victory they have achieved after such a hard fought battle.

Below are the full returns at the close of the first day's polling, received by special telegraph. It is almost impossible that Cowan can make up today. Even in Wilnot, which was thought to be his stronghold, Young yesterday gained a handsome majority.

The only places which returned majorities for Cowan are the Tory villages of Preston and Hespeler:

	COWAN	YOUNG
Wilnot	187	185
Hespeler	215	108
Preston	221	132
Waterloo Tp.	118	63
Hespeler	22	114
New Hamburg	43	60
	46	21
	362	397
Majority for Young		35
Majority for Cowan		228

Bad as Editors are, people seem inclined to make them worse, for they are sending them to parliament. An exchange says: "The Editors are going to parliament. Mr. Chamberlain, of the Montreal Gazette, Mr. Stephenson, of the 'Latham Press', Mr. Bowell, of the 'Belleville Intelligencer', are all returned to the house of Commons. There is also Mr. James Beatty, of the 'Leader', but he is more properly a publisher than an editor. Among the defeated editors are the Hon. Geo. Brown, of the 'Globe', and Mr. Thomas White, of the 'Spectator'. The Hon. Wm. Macdougall and Mr. James Young are exiles."

The credit system in our country is a poor, five-point system in some of the rural districts in the United States, if we may judge from the following dialogue, said to have recently occurred between a customer and the proprietor. "How's trade, partner?" "Wall, cash trade's kinder dull now, partner." "Dan anything yesterday?" "Wall, only a little on credit. Aunt Betsy Pughard has bornt an egg's worth of ten, and got trusted for it till her speckled pullet lays."

We understand that Mr. Clement intends to contest the election for North Brant, and that there is little doubt but Dr. Bown will be inserted.

Martiniuzzi said of Rebel, the adventurous theatrical director, "If you were to make him the porter of a house, he would soon become the proprietor."

It is said that Mr. Oakes Ames has contract to build the mountain side of the Pacific Railway, some six miles receiving therefor over \$1,000,000. This is the largest single contract ever made in this country.

THE HON. E. B. WOOD.

South Brant has elected Mr. Wood and has done herself little credit by the action. We heard some time ago that the gentleman had a great weakness for something stronger than water, and the report seems to have rested on no uncertain foundation. We might have been inclined to believe that rumor had made Mr. Wood more culpable than he really was had he only stayed at home, but his late visits to both ridings of the County of Waterloo, and his conduct on these occasions have left him without one plea for lenient consideration, and given us grounds for entertaining the belief, that much as we had heard concerning conduct unbecoming a respectable member of society, peculiarly disgraceful to a minister of the crown, all had not been told. Conviction is created by the power of concurrent testimony, and we generally accept as truth the corroborative evidence of two or more respectable witnesses. The *Dunfries Reformer* says: "The people of Waterloo had an opportunity of witnessing a performance given by the Minister of the Treasury on the hustings at Preston. We must confess that we were disappointed—his friends were chagrined—everybody was disgusted. We expected to see a courteous, gentlemanly, well-behaved person. The Hon. E. B. Wood presented himself before the electors of Waterloo to advocate Mr. Cowan's cause in a condition positively disgraceful. We must extend our sympathies to a constituency which could so demean itself as to elect such a man as its representative."

Mr. Wood may be a politician, but he is most undoubtedly devoid of policy, or he would have endeavored to look his best when visiting a county like Waterloo, where he well knew that the government of which he is a member is by no means popular. The *Berlin Telegraph* copies the following paragraph, and adds the following, the language of which is most unequivocal: "This same E. B. Wood paid a visit to the North Riding on Saturday last, intending, we believe, to take the stump in behalf of Mr. Zoeger, but so utterly disgusted did such of the electors as came in contact with him feel at witnessing a Minister of the Crown reeling through the streets in a state of beastly intoxication that his friends were obliged to slant him off the track. He was to have spoken at a meeting of Mr. Zoeger's friends at Bridgeport on Saturday last, but although in the neighborhood at the time he failed to file an appearance. Could anything show more clearly the straits to which Sanfield Macdonald was reduced when constructing his combination government than the necessity which compelled him to select such a man as one of his colleagues?"

"Triumphs upon Triumphs."

The Cobourg *World* gives our contemporary a notice for which he should be duly thankful. It says:

The following explosion took place about a week ago in the columns of a daily newspaper, not the *Mercury*, published in a certain town called Guelph:—

"For Populi, non Dei! All hail the voice of the people of Ontario!—FACTION, staggered by the fall of its chief, has been broken and crushed beneath the iron-heel of JUSTICE! The reality of Upper Canadianism—the integrity of British intellect—remain unshaken—firm as a rock before the Stygian waves of prejudice and discord and the noisy billows of Sedition!—Thirty-two Unionists have been elected from Ontario to the House of Commons, and only one Brownite factionist, and twenty-two Unionists to the Legislature of Ontario, against four extremists and one Independent!"

"TRICUMPHS UPON TRICUMPHS pour in—the political heavens are tudded in startling profusion, while new won victories thickly crowd up the horizon, to join the splendid clusters and constellations which beam in brightest glory from the meridian sky. Down with the Ghouls of Faction and Sedition! Rally to the Polls and rebuke Faction, Bigotry, Intolerance, and a subsidized Press! Vote for the Union ticket, and rescue the Riding from the cold shades of opposition! Serve Stirton and Gow as South Ontario served their chief!"

Estrildid magnetism! We wish that man had been hung up at our four corners during the weeks we were short of gas. The inconvenience from the failure of the works would have been easily counterbalanced, with a few rails of gas to spare. We suggest that the fustian writer of the above be made into a "constellation," and stuck in the "meridian sky" or somewhere else in the "political firmament" where the wind can get a fair sweep at him. Such an expedient would we guarantee, produce and diffuse "infidelity" enough for the whole dominion. Both of the candidates supported by this morsel of "the integrity of British intellect" were badly beaten at the polls only two days after this thunderbolt fell with such a crash in the midst of that "sedition" herd. We suppose the simple electors of South Wellington were afraid our friends' candidates, if elected, would talk as terribly and as pointedly in parliament as he does out of it. The "Stygian waves," therefore, rolled up rather too heavily for him and them; and we almost think, considering the tragic nature of the circumstances, it is about as well they did. Our contemporary will have to turn his coat again, or else the 'iron heel of justice' will want a new shoe in that part of the horizon!"

Nominations for Peel.

The nominations for the county of Peel took place yesterday (Friday).—Messrs John Hillyard Cameron and Robert Barber were nominated for the Commons, and Messrs Jno. Coyne and Robert Smith for the Legislature.

THE ELECTIONS.

MORE REFORM VICTORIES.

Mr. M. C. Cameron has been badly beaten in North Ontario. Mr. Mathew was very active in trying to defeat Mr. Brown in South Ontario. He took the stump against him. He canvassed the Riding, and exerted every possible means to secure Mr. Gibbs' return. North Ontario has amply repaid him for his work, for it has rejected him by a handsome majority. This ought to teach Mr. Cameron a salutary lesson. While running all over the country helping his colleagues and bolstering up the "patent combination" the people of North Ontario were nursing their revenge, which has now been poured without stint on poor Matt's head. On the first day Mr. Thompson's majority over Mr. Cameron was 414, and Mr. Paxton's 256 over Mr. Gillespie. By telegraph received at Toronto at four o'clock this morning, we learn that at the close of the second day's poll the vote stood—Thompson's majority over Cameron 266; Paxton's [Reformer] majority over Gillespie 526.

On the first day of polling in West Durham, Mr. Blake had a majority of 483 over Mr. Milne, or nearly two to one of the gross poll, and Mr. McLeod's majority over Mr. Martin was 807, nearly four to one. Both Blake's and McLeod's election are thus placed beyond a doubt.

The returns from Victoria indicate the election of Messrs. Morrison and Cockburn, the Reform candidates, by a majority of 250.

In South Perth at the close of the second day's polling the figures stood:—For Macfarlane, 1,443; for Guest, 1,352; majority for Macfarlane, 91. For the House of Assembly the vote stood:—For Trow 151, for Donovan 115;—majority for Trow, 38.

Mr. Springer has been returned for the Local Parliament in North Waterloo. At the close of the second day's polling the vote stood thus:—For Springer in Waterloo Village, 83; Berlin, 54; Waterloo Township, 170; Woolwich, majority 167—total 474. For Zoeger in Berlin, 205; Waterloo Village, 58; Waterloo Township, 142; Wellesley, majority 75—total 450. Majority for Springer 21.

In Prince Edward, Ross (Reformer) has been elected by a very large majority over McCraig, so likewise has Greely (Reformer) for the Local Parliament over Solmes.

Too True.—The London *Advertiser* says:—Never in the history of Canada have Governments abused their power so shamefully as the temporary Cabinets of Canada and Ontario. The opposition have been hounded down with a ferocity almost surpassing belief. Every influence has been brought to bear, including an unlimited expenditure of the people's own money. We have seen the disgraceful spectacle of Ministers of the Crown stumping back townships, and spouting in favor of creatures who one virtue consisted in promising a thick and thin support to the government of John A. Macdonald. We have seen new candidates like Mr. Edward Blake and Mr. Adam Crooks, Q. C., opposed by brazen government candidates, simply because they were young men of ability and unimpeachable character, and likely to take prominent positions in the House. Will John A. Macdonald or any of his adherents deliberately assert that it is to the interest of the country that men such as those should be kept out of Parliament, and their places filled with A. P. McDonalds and James Beattys? But our rulers want pliant tools, not men of talent and integrity in the House.

Got His Deserts.—The Brockville *Recorder*, speaking of Ogle R. Gowen's defeat for North Leeds and Grenville, by a majority of 211 in favor of H. D. Smith says: "This we trust will put an end to the aspirations of Mr. Ogle R. Gowen. This gentleman, in defiance of the opposition of the great majority of the electors in the Riding persisted in forcing himself on their attention. He has now received his deserts, and we trust this is the last we will hear of him in this district. Let him stick to the taverns of Toronto in future. It is a more congenial occupation for him than that of a legislator for the Province of Ontario. We congratulate Mr. Smith on his success."

Another Victim to Their Shooting.—We regret to state that Lieut. Keith, of the Royal Artillery at Kamptoo, when out shooting tigers in the Wurdah district, on the 22nd April, was mangled by one he had shot. About a fortnight previously this gentleman, with two brother officers, was hunting a large bear, which suddenly charged Lieut. Keith, bowled him and his horse over. He had his right arm and side paralyzed by the fall, was insensible for about thirty hours, and totally disabled for sport for ten days. On the 22nd, the party were in a beat in a high jungle; the two other gentlemen got up into the trees, but Lieut. Keith had not the strength to climb the one allotted to him. He constantly stood at the foot in the high grass. A large tiger bounded by, which Lieut. Keith mortally wounded. It passed him about twenty yards off, but having es-

Business Education!

A practical business education has now been established in Guelph, for the purpose of completing a business career. Without this education young men are destitute of the first requisites to success.

The business education the British American Commercial College of Toronto imparts, and it is a course of pride to the proprietors that their graduates are at the present time filling positions of honor and responsibility in some of the highest Mercantile Houses and Banking Institutions of our country. Stronger testimony to the thoroughness of this education could not be given than the following letter from J. G. Woods, Esq., President of the Board of Trade:

Toronto, Dec. 10, 1865.

Messrs. Musgrove & Wright.—Dear Sirs—I cannot express too strongly my appreciation of your efforts to establish a model house of business. I consider that such a system as yours is of the greatest importance both to the employer and the employed, as it saves the former the time and labor of teaching every new hand, and the latter the waste of time involved in a long apprenticeship. Your admirable system of real business is a complete remedy for this defect, and your great success in this department is manifestly manifested by the air of reality that your students display in their model transactions, and by their disinterestedness when they fail to meet their engagements. I can testify to the excellence of your system from personal experience, having at the present time in the employment of the firm I belong to three young men who were educated at your establishment. Wishing you every success in your laudable enterprise.

I remain, dear Sirs, yours, &c.

J. G. WOODS.
