The or rour nations, including the United States. Castro was terribly afraid of Roosevelt. He had heard of the big stick and had learned to know that the President of the United States was a peaceable man, but not the kind of a man to stand much nonsense, 'either from individuals or from nations, well the United States was a peaceable man, but not the kind of a man to stand much nonsense, 'either from individuals or from nations, including the United States.

Castro was terribly afraid of Roosevelt. He had heard of the big stick and had learned to know that the President of the United States was a peaceable man, but not the kind of a man to stand much nonsense, 'either from individuals or from nations, including the United States.

Castro was terribly afraid of Roosevelt. He had heard of the big stick and had learned to know that the President of the United States was a peaceable man, but not the kind of a man to stand much nonsense, 'either from individuals or from nations. What Castro did not know, but what was none the less true, was that the United States did not want to interfere in Venezuela and would not do it except under the most aggravating circumstances.

The United States.

Castro did not know, but what was none the less true, was that the United States did not want to interfere in Venezuela and would not do it except under the most aggravating circumstances.

"The next storm period, and later, say from the lift to the United States do the United States do to the United States do to the United States do to the United States do the United States do to the United States do to the United States d

probable at this time. These storms will

"The next regular storm period is central on the 24th, covering the 23rd to the 27th. The barometer will fall generally during the progress of this period, and the country will get more rain than for many months past. Low lands in all cen-tral to western states will have too much. Change to fair and cooler will follow this period, up to the 29th. On the 29th and 30th, reactionary storm conditions will return. April will end with much warmer

### CZARINA HAS BUSY LIFE

#### She Cares for Husband and Children Like Ordinary Wives.

St. Petersburg, March • 23. - The money in the country, and paid some Czarina has no rest, either by day or night. In the first place she is filled with anxiety as to the comfort and this message the official forgot. The two mine-laying ships. Those of Japan House, however, knowing what "Black are one battleship, four protected cruisers, seven gunboars and see that these conditions are still capment did not treat them rightly. From able of tremendous improvement. a purely diplomatic standpoint the ashealth of her husband and children. Children are put in the factories in phalt case against Venezuela was a ships. phalt case against Venezuela was a She is quite like the mistress of a house, and if this were not so, who ways operated under color of law. His knows whether the Czar would not have reached the end of his powers of endurance before now? The greater passed in consoling her husband, and in inspiring him with courage. Besides ciple, however, that no claimant can Czar, who is in constant fear of poison; she assists at every detail of his toilet, as would the German wife of some smaller citizen, since the Czar mistrusts every act of his servants: laundress, as well as the barber, and besides this she attends to every want of her infant son, whom she rears the same. Fortunately she left but little for the nurses to do, undertaking everything herself. Now she scarcely al lows the female attendance to approach the Czarevitch's cradle. Even if she would she cannot, as the Czar himself.

worth the paper it is written upon and that the slightest untoward act would give room for denunciation. No care is taken to prove the truth of a suspicion, but everyone in the slightest degree suspected is removed upon some vague pretense. Hence arises a general feeling of insecurity, as nobody knows what the next hour will bring forth. trust themselves in the streets, and in-trigue one against the other in order to obtain the greatest influence over the The Liberals have apparently won a partial victory in the composition of the Rouligan commission to glaborate which would pronounce for a constitution. The Government, however, in partial victory in the composition of the Rouligan commission to glaborate to prevent such a contingency, the Rouligan commission to glaborate the Rouligan commissi
