Tuesday night a race took place between Lancaster, Thamesville, and Burns, Port Stanley, at Chatham, for a purse of \$200 and half the receipts of the rink, and the course measured 9 miles and 330 yards, with 14 laps to the mile. From the first it was evident that Lancaster had met his match; although he worked hard to shake off his opponent, it was useless, Burns winning by a few feet. Time 36 minutes and 55 seconds.

Prof. Wm. Miller won the match with M. Victor, whom he undertook to throw-five times within an hour at the Theatre Royal, Sydney, Australia, on Jan. 18, by throwing Victor hve times in succession in about 40 minutes. A circuit will open in Montreal and finish in the west. The associations will join the National trotting association and legitimate racing be conducted. The park at Kingston will be fitted up, a new grand and judges' stands built and proper entrances made. The skating races at the St. Thomas rink Wednesday night were well attended, and the races attracted considerable interest. In the three-mile race Ezra Tetzel of Fingal, came in first, with Wagg of that city, second; time, 12.53. The five-mile race was won by Burns of Port Stanley, with Millar of Fingal, second, the latter being badly handicapped. The time was over 26 The Kingston races Tuesday resulted as Murray's Charlie

Nothing to Live For. From the Algoma Pioneer. Miss Simmons, a school teacher at Marksville attended the Presbyterian concert mecently and went home as usual. Before retiring she addressed letters to re latives stating "life is a failure, and 1 have nothing to live for." In the morning her room was found empty, but the notes lying on the table gave a clue to her friends who quickly found her tracks in the snow and traced it to Camp D'Or, nine miles up the lake. From thence the tracks led across the lake to the North shore and into the woods. The tracks were zig-zag, as if the walker rather staggered than walked, and several places in the snow showed where she had fallen or lain down, leaving the stains of the dye from her blue dress on the snow. A shanty was reached in the woods where she had called early in the morning having spent the night on the ice. morning, having spent the night on the ice in the open lake. A singular accident happened at Richmond, Ind. On reaching a very steep hill Thornton Osgood and his wife were suddenly aware that the horse was in the sleigh with them. The sleigh shot down the declivity at a terrible rate. The cross bar had come against the horse's hind legs as he tried to hold back, and as he raised his heels to kick the sleigh shot forward and scooped him up. The shafts snapped off, and the sleigh knocked his front feet from under him in an instant. They reached the bottom of the hill without sustaining any bodily injuries.
