WHEAT BULLS GET A REVERSE

N. Y STOCK MARKET QUIET WITH A STRONG UNDERTONE. Montreal and Toronto Stock Exchanges

ket Dull-Produce and Provisions-

MONDAY EVENING, Aug. 24. nk of England gained £75,000 in bullion on

Cash wheat closed in New York at \$1.14¼, in Milwaukee at \$1.02, in St. Louis at 98¼c, in Toledo at \$1.04½, in Duluth at \$1.08, in Detroit at \$1.04.

The visible supply of grain in Canada and the United States shows these variations for the week: Wheat, decrease 1,698,670 bushels, corn, increase 342,469; acts, decrease 66,362; barley, decrease 7987; rye, increase 609,071 bushels.

Henry Clews while recognizing the improved condition of the New York Stock Exchange, says it would be only common prudence to let the market stand on further trial before trusting it confidently, and especially as London is giving it no support but selling out on our boom.

Henry Clews: Market looks as if it had been made to take a good many long stocks to-day.

Henry Allen & Co. to J. J. Dixon & Co.: It is evident that the market is being steamed on its course too fast. What is transpiring is largely the result of manipulation. There is little reason to believe that public is in it to any extent. One of the best evidences of such a condition would be a gradual increase in the exchanges from day to day, and this important fact is wanting. We recommend sales of U.P., the Northern Pac., L. & N. and Sugar, and purchases on breaks of the Grangers and Atchison.

R. Cochran's correspondents: The stock market opened with a great show of strength and seemed to gather strength as the day progressed, until it was checked in the last hour by an advance in rates for call money. The market has an undertone of strength which is decidedly healthy. It is not broad speculatively, but the buying is unquestionably first-class, and sellers are not abundant. The stock market closed firm, about little off from the highest prices. Total sales

Gossip from Chicago. Kennett, Hopkins & Co., to R. Cochran: The opening was strong on frosts in the Northwest and buillish interviews by cable with leading grain merchants in London and Paris. Room traders were disposed to bull wheat at the outset, but the absence of outside buying orders, excepting a few from the Northwest, caused them to quickly reverse their position and renew their sluggish operations. In the last five minutes there was a raily of % cents on a little buying by a prominent commission house supposed to be for New York account. their suga minutes there was a range minutes there was a range of sugar buying by a prominent commission posed to be for New York account. Corn and oats followed course of wheat, influenced by about same causes of weather and

crop movement.

Counselman & Day to J. J. Dixon & Co.:
Provisions were further weakened by continued selling of January pork for short account. Near deliveries were in relatively better demand and shippers were doing a good business. Toward the close market recovered half of decline in pork and later on was rather firm.
