A portion of the letter read: "If the T., H. & B. gentlemen will hand over their charter between Ham-ilton and Toronto to the City of Ham-ilton, as an evidence of their inability or unwilling the line will be open not only to Government inspection, but to the inspection of the chief engineers of the C.P.R., the Michigan Central or any other first-class road. As a guarantee of his good faith, he is willing to place to the credit of the city his check or good interest-bearing securities for \$25,000, to be appropriat-ed for any municipal purpose in case of his failure. And he will further agree, in the event of the C.P.R. re-quiring an independent line to Suspen-sion Bridge, to build it of the same class.

Baid Gors Back Constantinople, Dec. 9.—Notwith-standing the general belief that the ex-Grand Vizier Said Pasha would persist in his reported determination to leave the country, an important change was made in his plans to-day. It appears that the Sultan has at last persuaded him to forego his intention of remaining under the protection of the British Ambassador, for this even-ing he left the Embassy and returned to his residence. It is believed here that the resolution adopted at the meeting of representatives of the pow-ers on Thursday to the effect that the powers would support him should he again accept the post of Grand Vizier, was an important factor in causing
