That physicians who fail to turn in a "physician's notice" of birth, will be prosecuted by the Attorney-General's department of the province, is the inference taken from a letter sent out from that department. The communication instructs the proper authorities to forward, along with the monthly returns, a list of physicians who fail to forward' physicians notice' within 48 hours after the birth, giving specific instances of such neglect with names, dates, etc. The department is endeavoring to improve the registration of births in Ontario, but notwithstanding their efforts approximately one to fifteen

ceremony luncheon was served. Mr. and Mrs. Rundle left by motor for London, where they entrained for Niagara and other eastern points, the bride travelling in a navy blue trico-tine suit with hat to match. Their many friends join in wish ing them a long and properous jour-ney over the sea of life.
