

# Have You Stomach Trouble?

...and splendid...  
...troubles. If you...  
...and doubt the above.  
— Here is an Offer for  
(Good till Oct. 3rd.)  
If you have any form  
trouble, consult us. If we  
to find the cause of your  
of this opinion we can  
this we will endeavor to  
we fail you need not pay us.  
— You are to be the Ju.  
This offer is being made  
become acquainted with me  
don't believe in drugless  
stomach troubles. These are  
ple we want to meet, for  
get one of them well, we  
have a real shouting booster for  
and our method of bringing people  
back to health and happiness.

corn may be, it must yield to Hollo-  
way's Corn Remover if used as di-  
rected. a14-m

## PAINS IN LEFT SIDE AND BACK

Other Troubles Women Often Have  
Relieved by Lydia E. Pinkham's  
Vegetable Compound

Lachine, Quebec.—"I took Lydia E.  
Pinkham's Vegetable Compound because  
I suffered with pains in my left side and  
back, and with weakness and other  
troubles women so often have. I was  
this way about six months. I saw the  
Vegetable Compound advertised in the  
'Montreal Standard' and I have taken  
four bottles of it. I was a very sick wo-  
man and I feel so much better I would  
not be without it. I also use Lydia E.  
Pinkham's Sanative Wash. I recom-  
mend the medicines to my friends and I  
am willing for you to use my letter as a  
testimonial."—Mrs. M. W. ROSE, 530  
Notre Dame Street, Lachine, Quebec.

**Doctor Said an Operation**  
Provost, Alberta.—"Perhaps you will  
remember sending me one of your books  
a year ago. I was in a bad condition  
and would suffer awful pains at times  
and could not do anything. The doctor  
said I could not have children unless  
I went under an operation. I read  
testimonials of Lydia E. Pinkham's  
Vegetable Compound in the papers and  
a friend recommended me to take it.  
After taking three bottles I became  
much better and now have a bonny baby  
girl four months old. I do my house-  
work and help a little with the chores.  
I recommend the Vegetable Compound  
to my friends and am willing for you  
to use this testimonial letter."—Mrs. A. A.  
ADAMS, Box 54, Provost, Alberta. C

## AR CAREERS

the same year and in ad-  
vantages of the province of  
graduating from the same  
y about the same time, and  
the house of commons in  
the general election—these are  
ances that lend exceptional  
to the destinies of the major  
leaders in the present cam-  
paign for federal general elections in  
Premier King, Liberal gov-  
ernor, and Right Hon. Ar-  
men, leader of the Conser-  
vative party, were born in the  
were graduated from the  
of Toronto in arts within  
each other. (Mr. King in  
Mr. Meighen in 1896), and  
to parliament for the  
1908. Mr. King was born  
at Kitchener, Ont., and  
Anderson, Perth Co.,

## CHOP STUFF

(Crowded out last week)

The proprietor of the Grand Union  
Hotel, Sombra, was fined \$750 and  
costs by Magistrate Woodrow on  
Monday when he pleaded guilty of  
having liquor in other than a private  
dwelling.

The galvanizing plant of the Dom-  
inion Alloy Steel Company at Sarnia  
is running twenty-four hours a day  
just now in an effort to catch up with  
accumulated orders. This company  
is shipping at the rate of two car-  
loads a day, and business is reported  
as excellent. The plant is open for in-  
spection at any time, day or night.

Miss Mildred Chalk left last Wed-  
nesday for Alpena, Mich., where she  
has accepted a position as Surgical  
Superintendent in the Donald Mc-  
Crae Hospital. Nurse Chalk is a  
daughter of Mr. and Mrs. John Chalk  
of Alvinston, and her many friends  
rejoice in her securing such an en-  
viable and honorable position.

Several children had a narrow es-  
cape from serious injury when a bull  
broke loose and rushed down the  
midway at the Canadian national ex-  
hibition, which was crowded, it being  
children's day. The bull ended its  
dash by jumping into the lake from  
where it was towed to land and  
secured.

In compiling the voters' list this  
year it has been found that Amherst-  
burg will be entitled to elect a deputy  
reeve at the next municipal elections.  
Before a deputy reeve can be elected  
from any municipality it must  
have more than a thousand municipal  
voters. This year the total number of  
municipal voters in Amherstburg is  
1150.

Nine automobiles containing farm-  
ers from Plympton township, under  
the supervision of W. P. Macdonald,  
of the county department of agricul-  
ture, were in Leamington and Kings-  
ville district last week, to investigate  
the tobacco-growing industry. There  
is a plan under way to introduce this  
lucrative industry into the area  
around Wyoming.

The State of Ohio, where the wreck  
of the Shenandoah occurred, is the  
home of the Wright Bros, pioneers in  
aerial transportation. Their first ex-  
periment with a heavier-than-air  
machine was made in 1902, followed  
by a long-distance flight in 1905. De-  
spite numerous setbacks, aviation has  
made wonderful progress during the  
past two decades.

The orders-in-council appointing C.  
A. Magarh as chairman of the On-  
tario hydro-electric power commis-  
sion, and C. A. Maguire as commis-  
sioner, were written at noon Saturday.  
Mr. Magarh will assume office within  
ten days, while Mr. Maguire will be-  
gin his new duties. Mr. Maguire's  
salary will be \$5,000 a year, while  
that of the chairman will be \$18,000  
a year.

Satisfied that Ontario's 4.4 beer  
has failed to drive the bootleggers  
out of business, has failed to please  
either wets or dries, and has not  
weaned "consistent drinkers" from  
hard liquor, the U. S. Congressional  
committee on alcohol traffic which  
has been touring the province, ended  
its journeyings at Windsor on Sat-  
urday, and left for Washington after  
a meeting with Windsor moderation-  
ists and prohibitionists.

Chatham, Sept. 14.—Three em-  
ployees of the Libby, McNeil and  
Libby Company were scalded, one  
probably fatally, and several others  
had a narrow escape when a huge  
cooking kettle containing tomato cat-  
sup exploded at the local canning  
factory Sunday afternoon. Nettie  
Goodreau, aged 20, Sandies street,  
was deluged in the hot liquid. She is  
in St. Joseph's hospital and her con-  
dition is grave.

Forest, Sept. 14.—Something like  
the scenes of 20 or 25 years ago  
when bronchos were brought here  
from the western ranges and sold to  
local buyers was staged at the local  
stockyards this week when the sale  
of a carload of horses from Western  
Canada was held. The cowboy using  
a lasso was on the job but school  
was in and the juvenile attendance  
was out of the picture. The horses  
were of the general purpose type of  
1200 to 1400 pounds. Although  
there was a good attendance of dis-  
trict farmers, the sale did not prove  
a success. After a few of the better  
broken horses had been sold at fair  
prices, the bidding sagged to a point  
where the owner called off the auc-  
tion. Either the district is well sup-  
plied with horses or the farmers did  
not want to take chances with horses  
that had not been worked.

It should be good business to breed  
sows this fall in expectation of con-  
tinued good prices until some time  
next year, hints the United States  
Department of Agriculture, in a re-  
cent publication. Early spring pigs  
would be ready for market before the  
probable slump arrives, it points out,  
but after next fall it would be wise  
to curtail operations. The department  
predicts rising hog prices until the  
fall of 1926, followed by a decline.  
Its experts reached this conclusion af-  
ter studying price cycles over a con-  
siderable period.

Apparently nothing is to be done  
regarding the abolition of the Plank  
road toll gates until the December  
meeting of the county council. While  
it was thought early in the year that  
they would be abolished this year,  
there have been so many matters to  
be dealt with that it has been found  
impossible to proceed very quickly.  
At a meeting of the Sarnia council,  
the secretary of the Plank Road Co.,  
Miss McMaster, was instructed to call  
the holders, but from then till now  
nothing has been done. Sarnia con-  
trols a majority of the stock in the  
company.

Florence, Sept. 14.—Two lightning  
bolts, showing almost human intelli-  
gence in their movements, played  
speedy hide-and-seek with persons in  
two Dawn homes during the weekend  
electric storms. The lightning flashes  
lost, however, and humans escaped  
injury, though several animals were  
killed.

At the home of John Cook, a bolt  
entered on the phone wire, sped  
through the house and passed out  
through the kitchen door. Members  
of the family had narrow escapes  
from death. Mr. Cook lost two calves  
by lightning.

W. Johnston, who lost two sheep  
during the storms, relates that flash  
number two entered his house by the  
phone route and quit by skirting the  
bottom of a screen door.

The rain which came in torrents  
at times, did not dampen the spirit  
displayed at the annual school fair  
held at Uxotexeter, Saturday. The  
crowd turned out in the largest num-  
ber seen at this particular event and  
viewed with pride the larger entry of  
exhibits. There was keen interest  
shown and every class and section  
had a full complement of competi-  
tors. W. P. Macdonald, agricultural  
representative for the county, who is  
managing the series of school fairs,  
stated that an increased interest is  
being taken in the annual education  
exhibitions by both parents and chil-  
dren.

John Vivian, pioneer resident of  
Bosquet township, died suddenly  
in his orchard on Monday afternoon  
while gathering apples. He had been  
in his usual good health until a few  
moments before his death, when he  
was stricken with heart failure. The  
deceased, who was 73 years of age,  
was predeceased by his wife several  
years ago. There were no children.  
He is survived by one brother, Harry  
Vivian, Bosquet, and two sisters,  
Mrs. Emily Vance and Mrs. Annie  
McCallum of Forest. He was many  
years township councillor, and was  
in this year's council. He also served  
several years as deputy reeve. He  
was for more than 30 years a direc-  
tor of the Forest Agricultural Soci-  
ety and was president three years  
ago.

Detroit, Sept. 14.—A new and ex-  
ceptionally clever gang of counter-  
feiters has made Detroit the dump-  
ing ground for two series of \$5 and  
\$20 bank notes that already have  
harvested thousands of dollars for  
the band, and unless the ringleaders  
are apprehended forthwith may run  
the loot well up into six figures. A  
general warning to all banks, busi-  
ness houses and individuals was is-  
sued late today by Postmaster Kellogg  
who urges everyone to closely inspect  
every \$5 or \$20 bank note that may  
pass through their hands. Federal  
authorities admit that the counter-  
feiters are unknown to them—a  
brand new gang. The worthless notes  
are flooding the city, especially those  
of the \$5 denomination. It was said  
that it was almost impossible to de-  
tect the counterfeit in one series of  
the fake \$5 notes. One of the \$5  
counterfeits is virtually "a perfect  
bill," federal agents say. The other is  
a poor imitation. Only a few weeks  
ago local federal agents rounded up  
a gang of counterfeiters here, which  
has reaped a harvest of more than  
\$500,000.

...Could Hardly Live for Asthma...  
writes one man who after years of  
suffering has found complete relief  
through Dr. J. D. Kellogg's Asthma  
Remedy. Now he knows how needless  
has been his suffering. This matchless  
remedy gives sure help to all afflicted  
with asthma. Inhaled as smoke or  
vapor it brings the help so long need-  
ed. Every dealer has it or can get it  
for you from his wholesaler. a14-m
