Toronto, July 7th, 1910.

Only a moderate business appears to be moving, there is no rush. Possibly the coming of the holiday time assists to account for the lessening of activity. This city is freer from labor strikes at present than some, Montreal, for instance; but there are street railway grievances settling, and railway labor demands actual, with prospects, however, of peaceful settlement.

Prices of iron and steel are starting to stiffen up, as a result in part of recent amalgamations. The ingot metals are all dull of movement at unaltered quotations, according to New York advices of yesterday. Accounts of excessive heat injuring the grain yield in our North-West provinces continue, with scattering reports of showers here and there. The news is, however, deemed sufficient to put up the price of flour still farther.

The following are wholesale prices for Toronto, where not otherwise explained, although for broken quantities higher prices are quoted:

Antimony.—Trade is quiet, market easier at \$8.50.
Axes.—Standard makes, double bitted, \$8 to \$10; single bitted, per dozen, \$7 to \$9.
Bar Iron.—\$2.05 to \$2.15, base, per 100 lbs., from stock to wholesale dealer. Free movement

Building Paper.—Plain, 27c. per roll; tarred, 35c. per roll. Demand is moderate.

Broken Stone.—Lime stone, good hard, for roadways or concrete, f.o.b., Schaw station, C.P.R., 75c. until further notice, per ton of 2,000 lbs., 1-inch, 2-inch, or larger, price all the same. Rubble stone, 55c. per ton, Schaw station, and a good deal moving. Broken granite is selling at \$3 per ton for good Oshawa.
Cement.—Car lots, \$1.75 per barrel, without bags. In 1,000 barrel lots \$1.60. In smaller parcels \$1.90 is asked by city dealers. Bags, 40c. extra. Demand good.
Coal.—The price of anthracite still remains at \$6.50 per ton, net, and pea coal at \$5.50 per ton.
