**HOW HAVE WE ACQUIRED  
OUR PRESENT STANDING ?**

By devoting our entire time and energy to our students' welfare.

By giving personal attention to the wants of each individual student.

By the solid character of the work done.

By giving the most full, practical and thorough course of study obtainable in Canada.

By so training each student that he becomes a living advertisement of the college.

By making no promises we have not kept.

Each non-resident student is furnished with a ticket entitling him to use of Reading Room, Baths, Gymnasium, and all other privileges of the Young Men's Christian Association.
