Wood Sole Shoes will keep your feet warm and dry

From now until the end of April the farmer should be careful to protect his feet against the cold and keep them dry, because of all places on a cold, wet, sloppy day the farm is probably the worst. Leather-soled shoes do not afford ample protection for the feet in this season. Rubber boots are cold, wear out quickly and are unpleasant.

Farmers everywhere are discarding leather shoes and turning to our Wood Sole Boots and Shoes, not only for warm, dry feet, but because they **wear better and feel better** than anything else you can get. Never lose their shape and absolutely water-tight.

Wood Sole Shoes, per pair, \$2.25.

Wood Sole Boots, per pair, \$3.75.

Extra long wear can be had by ordering your shoes fitted with our rails or plates. Made of hardened steel, but very light, 50 cents per pair extra.
