This remarkable statement to which we direct special attention, is from a Tennessee farmer. My age is 63. I suffered intensely from Catarrh 10 years. Had intense headache, took cold easily, had continual roaring and ringing in my ears. My hearing began to fail, and for three years I was almost entirely deaf, and I continually grew worse. Everything I had tried, failed. In despair I commenced to use the Aerial Medication in 1883, and the effect of the first application was simply wonderful. In less than five minutes my hearing was fully restored, and has been perfect ever since, and in a few months was entirely cured of Catarrh. **ELI BROWN, Jacksboro, Tenn.**

Indigestion, Stomach Troubles,  
 Headache, Sleeplessness  
 and Anxiety.

**The Great Spring Medicine**  
 Sweeps Away These Troubles.

In almost every Canadian home, one or more members suffer from indigestion, dyspepsia, headache, nervousness or sleeplessness. In the great majority of cases the doctors have failed to effect a permanent cure, and the common patent medicines of our times have only prolonged suffering and agony.

How different the results with those who have used Paine's Celery Compound! They have in every case been raised to a condition of perfect health, robustness and mental vigor. Thousands of renewed and re-created men and women in Canada, will forever remember that their lives were saved and made happy by Paine's Celery Compound.

Mr. Hugh J. Kuey, of 42 Agnes street, St. Henry, Montreal, is one of the many who have given public testimony for the benefit of sufferers in Canada. Mr. Riley writes as follows:

I wish to publicly acknowledge the fact that I am indebted to your Paine's Celery Compound for health, strength and life. For over three years I was a terrible sufferer from indigestion, severe pains in the stomach and headache. In addition to these serious troubles, I had no appetite or relish for food, and hardly knew what it was to have a full night's rest. This condition of sleeplessness, and anxiety made me very nervous, and I was fast becoming unfitted for my daily work. After all other medicines had failed, I was fortunately advised to use your Paine's Celery Compound, and now, I am delighted to declare that it has no equal in the world for removing such dangerous troubles as I suffered from. I am daily gaining in strength, sleep well every night, and my appetite is good and healthy. I strongly recommend Paine's Celery Compound to all who need a reliable and honest medicine, and one that is sure to cure."

**Beef Cakes.**—Mince the meat very fine. Boil and mash potatoes equal to one-third the quantity of the meat, mix them together thoroughly, season with pepper and a few sprigs of parsley minced. Add the beaten yolk of one egg to bind it. Wash and flour your hands. Make the mince into cakes about the size round of a teacup, and fry them a nice brown in hot butter or beef drippings. Serve on a napkin with a garnish of fried celery.

**Cleaning Hair Brushes.**—Whenever it is possible hair brushes should be cleaned with powder, well rubbed in, and allowed to stay some time and then rubbed out on a cloth. It is the greatest mistake to allow the ivory or silver to be submerged in water; it spoils the color of the ivory. When bristles must be washed, put lumps of soda in lukewarm water and keep dipping them in till clean, and then into cold water and allow them to dry with the bristles turned downward.

**Polishing Furniture.**—The polishing of furniture seems to be of comparatively modern date. The effect is that a hard-faced surface is secured which is not so liable to become scratched as varnish and which presents equally as brilliant and fine an appearance. There are several pastes and polishes used, a few of which are here-with given:—A good furniture polish is made with half an ounce of beeswax and a quarter ounce alkanet root, which are melted together until the wax is well colored. Then add half a gill each of raw linseed oil and spirits of turpentine. Strain through muslin. A polishing paste is made as follows:—Take three ounces of white wax, half an ounce of castile soap, one gill spirits of turpentine. Shave the wax and soap very fine and put the wax in the turpentine. Let the mixture stand twenty-four hours. Then boil the soap in one gill of water and add to the wax and turpentine. This paste is highly recommended by practical men. To wax furniture, use a mixture of two ounces white or yellow wax, according to color of wood, and which has first been melted over a moderate fire, and four ounces best spirits of turpentine. Stir until cool, or, if for immediate use, apply hot, and rub with a hard brush. The polish may be renewed at any subsequent time by rubbing with a piece of fine cloth.—*The Upholsterer.*

**Making Fritters.**—There are many recipes for making fritters. The very familiar fritter made with soda and cream of tartar is hardly worth description, it is so well-known. It is of no possible value in connection with fruit fritters or any fancy fritters. It is only properly used alone and served with a white syrup for breakfast. The best batter for fruit fritters is made as follows:—Mix the yolks of two eggs with a tablespoonful of sweet oil, a saltspoonful of salt and a tablespoonful of lemon juice or brandy, according to the use to which the fritter may be put or as your taste may require. After mixing these ingredients, add a cup of flour and little by little a gill of cold water. The batter may now be set aside, or the whites of two eggs beaten to a stiff froth may be stirred into it at once. If it seems too thick, add another white of egg. It must be just the proper consistency to coat the fruit thoroughly. To make clam fritters chop fine twenty-five clams. Make the batter from the juice of the clams instead of cold water, making it a trifle stiffer, so that when the clams are added they will just drop from the spoon. An oyster fritter is best made of whole oysters dipped in the same batter, seasoned with a pinch of cayenne pepper and the lemon juice. Apple and peach fritters are quite often soaked in wine or brandy for an hour or two before they are dipped in the batter and fried.

Thousands of cases of rheumatism have been cured by Hood's Sarsaparilla. This is abundant reason for belief that it will cure you.

**Pearline.**  
 This is the way we spell it. It's necessary to mention it, because some women don't seem to know. We find so many who say they use Pearlina, and then, upon examination, find that what they are using is only some imitation of it. See if your package is marked as above. There is only one Pearlina. It makes white things whiter—bright things brighter—economical and saves at every point. For washing and cleaning, nothing under any other name can equal it.

**Beware** Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as" Pearlina. It is never peddled, and if your grocer sends you something in place of Pearlina, do the honest thing—send it back. 414 JAMES PYLE, New York.
