

INDEX TO VOLUME VIII.

ARCHITECTURE, &c.

Architectural Design.....	34
Design for Suburban residences.....	101
Prize Designs for Modern School House (Illustrated).....	136, 137
American Designs for a Country Villa.....	144, 152, 153
Suburban residence.....	183
New Custom House, St. Johns, N.B., (Illustrated).....	184
Architects, responsibilities.....	213
One Story Factory Buildings.....	224
Design for cheap cottage (Illustrated).....	224
Design for Swiss cottage (Illustrated).....	264
Residence of A. Ashton.....	333
Wall Decorations.....	332
Design for Church (Illustrated).....	356
The New Opera House Paris.....	360
Oriel in C. Vanderbilt's house.....	361
Queen's University Building, Kingston	369
Wrought Iron Gate, at Rheims.....	388
Wrought Iron Finial.....	389

CARPENTRY AND BUILDING.

The Steel Square, its uses.....	9
Fire Proof Construction.....	17
Cements, Mastics and Concretes.....	87
Designs for Cottages (Illustrated).....	88
Work Shop Notes.....	123
Chimney Building.....	320
Improved Mortar.....	320
Bartlett's Chimney Cap.....	389
Architects Often "Beaten".....	402

CARRIAGE MAKER'S WORK.

Scroll Designs (Illustrated).....	24
American Sleigh (Illustrated).....	24
Samples of Carriage Striping (Illustrated).....	80
New Designs for Carriages (Illustrated).....	81
"Devilries of Paint and Varnish".....	81
Improved Felly Plate.....	208
Drafting (Illustrated).....	260
New York peddlers wagon (Illustrated).....	272
Harlem butchers wagon.....	272
To Keep Wagon Tires on.....	275
A Western Cutter.....	336
Improved tin upsetter.....	336
Improved Whiffletree plate.....	401

DOMESTIC.

How Not to take Cold.....	62
Diphtheria.....	62
Is Alum Poisonous.....	62
Poisons and their Antidotes.....	62
Disinfectants.....	63
Tubular Tea-kettle (Illustrated).....	64
House Moth.....	96
Sprains.....	159
Spring Complaints.....	159
What is a Cold.....	159
Neglect of the Eye.....	160
Why Teeth Decay.....	160
Light in the home.....	160
Diphtheria, what to do in.....	275
Oleomargarine.....	291
Silver's diamond light cooker.....	304
Salves and plasters.....	311
Danger in toughened glass.....	314
Pertinent hints about eating.....	316
Rush of defective flues.....	338
Stove pipes, water and creosote in.....	339
Patent window sash fasteners.....	396
Improvement in kitchen safes.....	397

EDUCATION.

General considerations affecting Education.....	1
Technical Education.....	27
Teaching Trades in our Public Schools.....	33
Societies for Promoting Technical Knowledge.....	65
Method of study in Drawing.....	71
Benefits of a Technical Education.....	263
Education by the Eye.....	326
Modelling in clay.....	331
Sir Josiah Mason's Science College.....	344
Popular fallacies.....	366
The study of drawing.....	353

ENGINEERING, CIVIL & MECHANICAL.

A Chapter on Boilers.....	14
Praising and Hard Soldering.....	15
Steel tempering.....	26
Slide-valve designer (Illustrated).....	28
Steam Fittings (Illustrated).....	44
Hardening Steel and Iron.....	48
Treatment of Steel.....	51
Steam Boilers.....	52
Riveting (Illustrated).....	60
The Tay Bridge Disaster.....	66, 262
" (Illustrated).....	68
" History of the Bridge.....	97
Belts, how to judge of leather in.....	118
Iron bridge building.....	119
The Chagres canal.....	126
Belts, mending.....	125
Boiler bracing.....	132
Belting, notes on.....	138
Heating steel in the forge.....	139
Improved re-sawing machine (Illustrated).....	140
Blake's Compound Pumping Engine (Illustrated).....	141

ENGINEERING.

Miscellaneous Notes.....	146
Teeth for Gear Wheels.....	183
An Improved Engine Lathe (Illustrated).....	183
Grant Steam Ships.....	196
New English Chain Pumps.....	201
The Tay Bridge Enquiry.....	208, 298
Structural Changes in Wrought Iron.....	208
Another Chapter on Boilers.....	221, 254
Riveted Boiler Joints.....	230
Temperature of Steam at different pressures.....	230
Tom Thumb hot air Engine.....	257
The Livadia (Illustrated).....	273
Boiler Explosions.....	288
Adhesion of Belts.....	300
Automatic Safety Cylinder Cock.....	320
Effects of High Speed upon Condensation of Steam.....	358
Iron Clad Steel.....	358
Lacing Rubber belts.....	358
Longest Tunnel in the World.....	359
Sir Henry Bessemer.....	362
A Huge Vacuum Pan.....	380

FURNITURE DESIGNS, &c.

An Arabesque Cabinet (Illustrated).....	21
Design in Cabinet Work (Illustrated).....	42
Carving Fret Work.....	43
Studies from Nature (Illustrated).....	73
New Designs for Furniture (Illustrated).....	84
Fresco Designs for Ceilings (Illustrated).....	85

Veneers.....	110
" to prepare before laying.....	111
Wall Decorations.....	112
Inlaying.....	113
Design for a Window Cornice (Illustrated).....	112
Imitation Marble Paper in.....	113
Rotting Wood.....	114
Paper Hanging.....	125
Wall Coloring or Distempering.....	129
Furniture Receipts.....	136
Paint on Wood.....	145
Practical Hints.....	147, 208
Design and Work in Furniture.....	149
Furniture Designs.....	188, 189
Paper Leather.....	192
Ebonizing Furniture.....	203
Japanese Ornamentation (Illustrated).....	218
Designs for Cabinet (Illustrated).....	214
Practical Cabinet Making.....	226
Gilding, Inlaying and Veneering.....	227
Portable Book Case.....	297
New Dye from Poplar wood.....	297
Design and Work in Cabinet Furniture (Illustrated).....	299, 399
A Convenient cottage (Illustrated).....	307
Art Furniture and Bric-a-Brac (Illustrated).....	354
New Queen Ann Style.....	370
Artistic Wood Carving.....	371
Design for a Chair (Illustrated).....	372

PAINTER'S WORK.

Drawing Room Papers.....	10
Panel Painting.....	10
Certain Properties of Oil Paints.....	11
House Decoration (Illustrated).....	57
Floral Designs (Illustrated).....	212
Panel Painting.....	318
Painting on Gold Paper.....	331
Practical Painting.....	334
Turpentine Not a Dryer.....	334
Gold Leaf, manufacture of.....	335
Fired Water Colors.....	335
Japanese Ornamentation (Illustrated).....	348
Varnish, use on interior.....	398

MECHANICS.

Burnham's Turbine Wheel (Illustrated).....	13
Brass.....	19
Large Crank Shafts.....	19
Slag Cement.....	19
Improvements in Screw Cutting.....	29
What Constitutes a Good Lathe.....	50
Pile Driving Machines (Illustrated).....	52
Mechanical Items.....	54, 90
Blacksmith's Improved Drill (Illustrated).....	64
Mystery in Mechanics.....	87
A new Piston Packing.....	90
Renewing Burnt Steel.....	90
Physical changes in Iron and Steel.....	90
Richardson's Swimming Machine.....	92
Tangye's Lathe.....	69
The Steel Square (Illustrated).....	116
Blacksmith's Hammer Signal.....	114
Cutting Cold Steel with soft Iron.....	114
Sheering Strength of American woods (Illustrated).....	118
The Framing Square (Illustrated).....	120
A Mechanical Wrinkle (Illustrated).....	128
Lakeman's Circular Saw Guard (Illustrated).....	128
Boses' Patent Double Screw Hoists.....	133
Putting up Shafting.....	142
Gear Wheels, diameters of teeth.....	190
