

KING'S DAUGHTERS.

We are pleased to announce that the "King's Daughter," occupying the room belonging to the "Toronto Circles," is convalescing, and hopes to shortly leave the Hospital, when the room will once more be in readiness for another suffering one.

THE PANSY BAND.

The Pansy Band is composed of young girls, whose ages range from ten to fourteen years. They have done much good in the past by preparing with their own hands dainty little dishes, such as broth, fruit and beef jellies, which they serve to the public patients themselves. Their bright and happy faces are eagerly looked for. The Band meets at the home of Mrs. Fotheringham, Hazelton Avenue, who kindly supervises the work done by the young girls.
