OLD JAPAN

Old Japan has an art all its own. Rich in color effects—unique—oriental. You will have a superb type of perfect Japanese panel decoration in our Calendar of Old Japan, 8 inches wide, 37 inches long, ready for hanging.

The Calendar is yours for just 6 cents in stamps.

Worth more than that in anybody's art collection.

We offer it as a token of the excellence of

Pabst Malt Extract The Best Tonic

and you will find our Calendar of Old Japan worthy of the name and fame of its maker.

The "Best" Tonic is good to give and good to take—a nerve builder and blood maker—has no equal where one needs a building up to health.

Send three 2-cent stamps, and you will receive the prettiest and most decorative art calendar of the year.
