Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as that mild but efficient purgative Fill. The obvious reasons, is that it is a more reliable and far more effectual rome, the work that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of cortificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. They operate by their powerful influence on the internal viscore to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Dyspepsia or Indigestion, Listlessness, Language and Loiss, for the following complaints, which these Colic and Billions Fevers, they should be indicated action or remove the obstructions which cause it.
