

CANADA'S GREATEST CELEBRATION OF THE JUBILEE YEAR.

Fully alive to the times the management of the Toronto Exhibition, or as the title runs this year, Canada's Great Victorian Era Exposition and Industrial Fair, is to be conducted on a scale from August 30th to September 11th that will even transcend any former effort made to promote this, the most popular, most comprehensive and most attractive annual show held on this continent. Already a sufficient number of applications for space and of notifications of entries have been received to warrant the highest expectations. The management have increased the number of medals to be awarded and have made many improvements to the buildings and grounds, showing that they are resolved to leave nothing undone that will enhance the pleasure and com-

fort of both patrons and exhibitors. They have also determined on a special feature that promises to prove the greatest outdoor spectacle in the way of entertainment that Toronto or any other city has ever known, outside the world's metropolis itself. This spectacle will take the form of a reproduction of the wondrous Diamond Jubilee procession in London. Agents are now across the water hiring and buying the necessary properties and costumes, which will be an exact replica of the uniforms and costumes worn by the soldiery, the sailors, the nobility and the yeomen of the guard in the magnificent procession. Scenes will also be reproduced of the ceremonies at Buckingham Palace, St. Paul's Cathedral and other places along the line of route. Many interesting specialties will also be introduced, while at night the effect will be heightened and magnified by brilliant illuminations and fireworks.

THE ALMA

is a solid brick building open all the year. Situated in a healthful climate free from malaria. Amusements and pleasures are rife for convalescents. Two valuable and distinct mineral waters. Cuisine unexcelled. We solicit investigation. Write for illustrated book.

THE ALMA Alma, Mich.

A thoroughly scientific institution for treatment of chronic rheumatic, kidney, liver, stomach and bladder diseases. "Neurasthenia" and women's diseases receive special attention. No cases of insanity or tuberculosis received. Hydro and electrotherapeutics are prescribed by physicians and administered by trained nurses. Complete rest is available. We protect the physician's interests. Special rates to physicians and their families.

Elmore S. Pettyjohn, M.D.,
Medical Superintendent.
