Count No The Cost

Of keeping in force an Investment Policy of insurance, as, whether the insured lives to the completion of the investment period or not, the amount payable to him if he survives the period selected, or to his beneficiary, if his death occurs prior thereto, is a large return for the amount invested.

The Compound Investment Policy

ISSUED BY THE

North American Life Assurance Co.

Toronto, Ont., is a very attractive, liberal and remunerative form of insurance. It specially provides for the loan to the insured, if desired, of all premiums beyond the 10th, and should death occur thereafter, the full amount of the policy becomes payable, premiums loans, if any, being cancelled. It further provides for the return of the 11th and subsequent premiums, together with the full face of the policy, should death occur after the 1st year and within the investment period selected. Pamphlets explanatory of this advantageous form of investment insurance, and copies of the last annual report of the Company, furnished on application to
