The Royal Military College

THERE are few national institutions
of more value and interest to the
country than the Royal Military College
of Kingston. At the same time its ob-
ject and the work it is accomplishing
are not sufficiently understood by the
general public.

The College is a Government insti-
tution, designed primarily for the pur-
pose of giving the highest technical in-
structions in all branches of military
science to cadets and officers of Cana-
dian Militia. In fact it is intended to
take the place in Canada of the English
Woolwich and Sandhurst and the Ameri-
can West Point.

The Commandant and military instruc-
tors are all officers on the active list of
the Imperial army, lent for the purpose,
and in addition there is a complete staff
of professors for the civil subjects which
form such a large proportion of the Col-
lege course.

Whilst the College is organized on a
strictly military basis the cadets receive
in addition to their military studies a
thoroughly practical, scientific and sound
training in all subjects that are essen-
tial to a high and general modern educa-
tion.

The course in mathematics is very
complete and a thorough grounding is
given in the subjects of Civil Engineer-
ing, Civil and Hydrographic Surveying,
Physics, Chemistry, French and English.
The object of the College course is
thus to give the cadets a training which
shall thoroughly equip them for either a
military or civil career.

The strict discipline maintained at the
College is one of the most valuable fea-
tures of the system. As a result of it
young men acquire habits of obedience
and self-control and consequently of self-
reliance and command, as well as exper-
ience in controlling and handling their
fellows.

In addition the constant practice of
gymnastics, drills and outdoor exercises
of all kinds, ensures good health and fine
physical condition.

An experienced medical officer is in at-
tendance at the College daily.

Seven commissions in the Imperial regu-
lar army are annually awarded as
prizes to the cadets.

The length of course is three years, in
three terms of 9 1-2 months' residence
each.

The total cost of the three years' course, including board, uniforms, in-
structional material, and all extras, is
from \$750 to \$800.

The annual competitive examination
for admission to the College will take
place at the headquarters of the several
military districts in which candidates re-
side, in May of each year.

For full particulars of this exami-
nation or for any other information ap-
plication should be made as soon as pos-
sible, to the Adjutant General of Mil-
itia, Ottawa, Ont.
