The main purpose of the Magazine is to express an educated opinion upon questions immediately concerning Canada; and to treat freely in a literary way all matters which have to do with politics, industry, philosophy, science, and art.

The Editorial management is gratuitous, and the proceeds of the publication are applied to the payment of contributors.

Communications may be sent to the Editor, and subscriptions to the Secretary of McGill University. The subscription price is one dollar a year. Copies are on sale by the publishers, and at all book stores for twenty-five cents each.
