Dear Sir,

Let me acknowledge your letter of June 30th regarding the film of McGill University taken by Educational Film Exchange, Inc.

I went to the associated Screen News studio this morning and saw the film run off. While there are, of course, many things about the film that I would like to change if it were possible, I realize that there has been a good deal of delay already, and under the circumstances I agree to the release of the film in the form exhibited to me this morning.

I should be very much obliged if it is possible to let me know when we might expect that the film will be shown in Montreal.

Ever yours faithfully,

Principal

with certain changes which your agent said he could make.
